

GUNDIAH GAZETTE

COMMUNITY NEWS ACROSS THE TIARO DISTRICT

OCTOBER 2014

Jamieson Family Reunion in Tiaro

One of the early families to the District was the Jamieson Family. Two brothers and their cousin emigrated to join their Aunt and Uncle in the area in 1879. Find out more about why they left Shetland Islands and journeyed to the other side of the world. See page 5.

Instameet @ Mungar

Instameet on **4th October** at the **Fraser Coast Wildlife Sanctuary** on Mungar Rd is a Tourism Queensland event and is being held in numerous locations throughout Fraser Coast. David Lightbody has been able to get them to run another one to 'promote' the Fraser Coast Hinterland. Meet Jodi Carlton of Fraser Coast Opportunities for a mini training session from 9.30am with your smart phone, tablet etc that has Instagram installed. "I would really like a good roll up as a show of strength that the Fraser Coast Hinterland does exist and is an alternative tourism opportunity that needs promotion, not just Hervey Bay, the whales and Fraser Island." said David Lightbody of Tiaro Tourist Stopover. Call David 07 41939375 or Jodi 4196 9666. www.queenslandholidays.com.au/things-to-see-and-do/queensland-instameet-at-fraser-coast-wildlife-sanctuary-at-10am/

Pictured above is part of the Jamieson family today. A family reunion was held August 30th, 2014 at Tiaro Memorial Hall with all branches represented.

Gundiah Community Groups join together.

Meetings of both Gundiah Community Inc. (GCI) and Gundiah Memorial Hall Association Inc. (GMHA) both elected to merge executive committees and organisations to better suit the needs of members. Outgoing GCI President, Trevor Keightley said that the activities will remain the same and members and friends can enjoy the usual croquet, barbecues and bus trips.

"The objective is to have fewer meetings, less paperwork and reduced running expenses collectively," said Larry O'Shea, newly elected president of Gundiah Memorial Hall Association.

The Gundiah Gazette will continue to operate as usual under the new organisation. *SGroundwater. Secretary GMHA.*

Munna Creek Country Music Festival is on!

October 16th-19th Munna Creek Hall Bauple-Woolooga Rd. Great people, great food, great Line Up: Trevor Olton, Owen Blundel, Waddo, Tony Wagner, Hewie Curtis, Sharon Heaslip, Jed & Trudy, Len Conner, Ray & Sam Pratley, Buddy Thompson & Lynne Bennett, Roseanna, Glen Jones, and more! See <http://munnacreekhall.com/>

By popular demand!

LETTERS TO THE EDITOR

Letters to the Editor should be addressed to Gundiah Gazette, 363 Netherby Rd, Gundiah Q 4650, or gundiahgazette@gmail.com. It is preferred they are around 200 words. They must be signed but name can be withheld on request. Letters will be published at the Editor's discretion.

Snub.

Good afternoon, Fraser Coast Regional Council hit new lows in community communication when a Councillor Community Consultation was carried out outside the Supermarket in Tiaro this morning, Thursday 18.9.14. Residents of the small town discovered the community consultation was taking place when they arrived to get their daily newspaper or collect their mail after 9 am. Those who went prior to this, missed out. Some were very quick to raise the issues closest to their hearts, the increases in their rates especially commercial/industrial!!

However, I have checked the media releases on the Council web page, the "community chat" key on their web page, Gundiah Gazette one of the local newsletters, and no where any comment on being in Tiaro, Thursday 18th September.

But to cap it off, there was a secret official opening of the Mary River Turtle next to the Visitor Information Centre. 3 members from Tiaro & District Landcare were present, and F.C.R.C. staff & Councillors. Despite being told there was nothing official going on, there were sandwiches and juice for the few!! What a snub to our community. Regards, *Linda Harris, Tiaro*

On Community Values & Love Thy Neighbour

To Anonymous, Thanks for an excellent opportunity to get the truth out. We have travelled; the signs etc at Bauple are adequate. You are missing THE VITAL POINT; both areas are for FULLY SELF CONTAINED RV's. You should not need "facilities"! Need more? Stay at a motel or van park. Distance from RV area to facilities - As above. You want to see the world? Why have problems with a 100m stroll? We prefer Rossendale Rest Area. We would have to see this toilet paper to believe it. We drive past there most days; we would notice.

Everyone wants RV dollars - RV owners shop at ALDI. If a business needs RV dollars it must attract tourists. Previous RV site in Bauple - None. Conflicts - None. Want tranquil settings? - go to Rossendale.

FCRC allowed temporary RV camping for fully self contained RV's in the Rec Ground carpark. When RV Camp area for fully self contained RV's opened in Bauple Centre on 22/08/2012 the Rec Ground carpark was closed to all Camping. RV issue over. Country hospitality - get out more. Meeting times advertised in Gundiah Gazette, Bauple Bulletin.

People shutting business down - odd; actually only the owner can do that. Support change and local business - if good yes, but if not then go elsewhere, freedom of choice. Small community, people keep to themselves; things move at leisurely pace here.

There are always rumours - ignore it, rise above it. "Love thy Neighbour" - "living by example" [is the] best approach. *G & E North 19/09/14*

To Colin Rogers, We are wondering what meeting [you referred to]? What happened to "good old values" - life happened, changing roles of everyone in society, so many things, where to start?

We are concerned you don't mention truth or respect as being important aspects of community life.

Honesty and Mutual Respect are essential in every relationship. When people are truthful and respect each other then surely the other things you mention will follow. There are still a lot of people who do hold to these "simple rules". Their word; their handshake is their bond. When people, not just the village elders "senior citizens" are not completely honest, or become blinkered, then the whole system breaks down. *G & E North 19/09/14*

GUNDIAH COMMUNITY CHRONICLE

GUNDIAH COMMUNITY INCORPORATE

Well, here we are in Spring and the good Lord keeps missing our area with rain. Again, its that @#*!! mountain. In tonight's BOM it was raining in Bundy down to Maryborough and from Glenwood down to Sydney and believe or not it was basically clear around Mount Bauple. When we bought our block 23 years ago, I met Edwin Stratford from Bauple and he said that if you intend growing something don't buy around Bauple its only good for fairies! I think he was not far wrong, but bless his soul, I will always remember his analogy of Bauple weather. Maybe we could work on the council to remove it Ha Ha!

The Trees Are Dying I don't know if readers have noticed but trees are dying at a rapid rate around our area. If you drive past our place you will see 23 Pines 100ft high have died in the last few months. Col Boman has been investigating and it would appear that it is related to Northern hemisphere native trees such as the Paulownia and Loblolly pines, the DPI put it down to the drought conditions but they may have changed their mind when I said they were planted on Arbour day 1946 and I am sure there had been many droughts since then.

Col also asked me to remind house owners that if they have pines around there house that are dying to get them removed as soon as possible due to their shallow roots which in a storm condition could be devastating, those of you that play Golf in Maryborough watch out as it could be flying trees!!! Col Zemek FCRC officer has been made aware-and we will print his advice next month.

True Story And this is true, a local lady went mustering when it was nearly dark. Apparently a local Bull was looking for night time entertainment by traveling along the railway line, well this, lady was in her flannelette PJ's and she had the Bull under control, but she just about died when she saw a police car coming up her drive. She considered doing a runner to the house but alas she froze. It turns out the police were there on another matter, and not to lock her up for of indecent exposure on a railway line. *I can just imagine what the police thought...* "It could only happen in Gundiah!"

Trevor Keightley 41292504

Too Great A Loss

The QCWA Gootchie Girls lost one of their members-after a very short illness Annett passed away on 4th September. From our sister branch in Tiara, Gail's husband Bill finally lost his battle for life on the 21st September. Our thoughts and prayers go out to the families and friends of these much loved and sadly missed people.

Pauline Keightley

MT BAUPLE & DISTRICT HISTORICAL MUSEUM

A Visit to the Bay

Our Bauple & District Historical Museum was invited to have a promotion stand at the 40th birthday of the Hervey Bay Historical Village & Museum. (They have 143 members and volunteers—that made us real jealous!)

We highly recommend that when you have a couple of hours to spend in the Bay that you visit the village. They have 22 buildings and a lot of working machines, the kids and mums were in heaven. We also thank the Museum for giving us the chance to promote Mt Bauple. *Pictured above is our group display; Right: beautiful vintage fire engine on display at HBay.*

Your Family Pioneers? We are looking for family stories relating to the pioneers of the district. If you would like us to include your stories in our 'Memories' section of the Gazette or just document it within our museum records, give us a call and we can discuss the best method. Future generations will be able to access their past history, that they may have thought lost.

Bye Bye Angie. The Committee takes this opportunity to thank Angie for her input in to the Museum's day to day running and wish her the very best for the future. *T Keightley -Museum 41939341*

Your Museum Needs You!

Are you interested in history? Do you like organising things? Are you a neat freak? Do you like chatting to people? Are you community minded? Do you like to dabble in computing? Are you bored with retirement? Do you want to get involved?

If you say yes to any of these, we invite you to join our small quirky team of volunteers at the Bauple & District Historical Museum. We have jobs to fit all types of skills and ages. No, there is no remuneration, but it does pay to help out! Call us at the Museum 4193 9341 or President Trevor Keightley 4129 2504.

Bauple Mens Shed

Hi all, Members are busy little beavers making interesting items for our stall at Bauple Markets. It is good to see the Bauple Markets holding their own as other markets fall away. Merv, Graeme and volunteers, along with the stall holders, thank the many residents who continually support with their presence. It's a great fun day.

Projects on the Go At the moment Graham P and Alan T making BBQs, for the Market. Dennis S, Peter and Mark W have been making hobby horses and various other goods for a Maryborough School. Mike J is making his camper trailer for his trip to Perth to see his grandchildren. Mark D will hopefully be back on task soon.

Rocking Horse Raffle. Our second rocking horse is back from saddler in Gympie-what a great job! Owing to commitments, members voted not to raffle the horse until New Year as we would not have enough helpers to sell tickets before Christmas.

RVs and parking. Its a shame to see the RVs dropping off again in Bauple. We still get quite a few nomads up at the shed. For a while it was southerners going home as the south warmed up. Our councillor in the area put up some suggestions to several organisations on how the Council could help but the usual knockers screamed "not enough", "do not want that", "it has to be moved," so I guess we just have to put up with it as is. Hope the Council never give up on our small town.

Opening hours are Tuesday, Wednesday and Saturday from 9 am till all have had enough for the day. See you there. *Bill Todd Bauple Community Shed.*

Tiaro's Sons

This month's salute to the Diggers is to:

Samuel Richard POWER

Private No. 824, 5th Battalion, E Company

Samuel was born in 1895 at Neerdie and attended Central Boys School Gympie. He had the occupation of labourer when he left school, his last known address was 'Gunalda North Coast line', and he served in the cadets. At 19 he decided to join the Army and enlisted on the 31st August 1914 and as the rank of Bugler.

His unit embarked from Sydney on board transport A14 Euripides on 20th October 1914. He was transferred to the 5th Medium Trench Mortar Battery and was wounded and died from his wounds on 1st November 1914. Place of death and/or wounding was Fleurbaix, Fromelles, France. Place of burial is Rue-David Military Cemetery (Plot 1, Row F, Grave No 27) Fleurbaix, France and his Roll of Honour Panel No 20, Australian War Memorial.

Samuel received the 1914-15 Star, British War Medal, Victory Medal.

LEST WE FORGET

Next months Digger will be James Francis Hourihan. For more info contact Trevor Keightley 41292504 Mt Bauple Museum

Great War Statistics

Casualties. British casualties at the Western Front 1916-1920 were 125,295 Officers and 2,632,592 other ranks.

Free Vintage Movies At Tiaro Library.

Each month vintage movies are shown at the Tiaro Library. Meet Me in St. Louis (1944) will be shown on Tuesday 28th October, 2014 at 10.00 a.m.

In the year before the 1904 St Louis World's Fair, the four Smith daughters learn lessons of life and love, even as they prepare for a reluctant move to New York.

For more information, contact Debbie at Tiaro Library 41292453, deborah.mc-call@frasercoast.qld.gov.au

Memory Lane: Migrants Searching for a Better Life.

by Harry Jamieson.

From Shetland. In 1879, brothers James & John James Jamieson arrived in Queensland, from the Shetland Islands. For readers who are unaware of the location of Shetland, as it is known by the local inhabitants, it is located approximately 350km West from Norway, 477km North from Edinburgh & 640kms from the Arctic circle. Harsh climate, cold, windy, snow & gales in Winter, (Maximum average temp. 5.1° C.) treeless landscape, unproductive soil but with an abundance of many varieties of fish in the surrounding oceans.

Seamen. Most menfolk were seamen (fishing). Shetland seamen were highly skilled & in great demand. So much so that many were press ganged into the Royal navy or joined the merchantile marine. By the end of the 19th. century, many families seeking a better future for themselves decided to emigrate to either North America, Canada, N.Z., Australia & South Africa. So it came to pass the two Jamieson brothers decided to start a new life in Australia.

Why Queensland? Why did they decide to journey to Australia and particularly Queensland? A plausible explanation:

Relatives settled 1865. Their mother Margaret Sinclair Jamieson of Sandness, Shetland, had a younger sister, Mary, who married David Sinclair from

Above left: Baby John James Jamieson, Catherine Tait Jamieson and John James Jamieson Snr c 1885. Right: James Jamieson and Williamina Tait Jamieson c1900.

Caithness, Scotland, 1 June 1863. Mary & David Sinclair arrived at Maryborough, 6 Nov. 1865, ship *Golden Land* and apparently journeyed soon thereafter to Dundathu as their first child, Donald George Sinclair was born at Dundathu 1 Sept. 1866. (Scottish workers had been recruited by two Scots: William Pettigrew & William Sim who owned and operated a large sawmill at Dundathu adjacent to the Mary River. It commenced operation August 1863. The Dundathu mill was destroyed by fire on Xmas Day 1893.)

Tiaro 1893-. After that date records can be found of Mary & David & family being at Tiaro & being in possession of property adjacent to the site of the old pound. Their final property was adjacent to Tahiti Road. Mary died at Maryborough hospital 21 Sept. 1909 & David died there 4 March 1912.

Preview & Selection 1876. It is not difficult to hypothesize that the sisters corresponded about the opportunities available in Queensland. We can assume that John James called to see his Aunt & Uncle sometime during 1876 on one of his sea faring assignments to this part of the world: In Lands Department index to selectors 1868-1885, (Continued page 6)

SCIENTIFIC ACOUSTICS

PROFESSIONAL SOUND SYSTEM ENGINEERING & SUPPLIES.

PETER PATRICK
0409 344 683

WWW.SCIENTIFIC-ACOUSTICS.COM.AU
INFO@SCIENTIFIC-ACOUSTICS.COM.AU

(Continued from p5) John James Jamieson lodged an application in 1876, for an area of 640 acres in Gootchie, district lodged at Gympie. A later entry notes the application was cancelled.

Emigrated 1879. Then on 26 April 1879 John James Jamieson and his cousin James Sinclair departed London as assisted passengers on the ship *Arthurstone*, arriving Brisbane on the 31 July 1879, aged 24 and 25 respectively. About that period brother James had left his ship at Gladstone, purchased a dray & horses, and commenced carting timber locally and supplies to the mines at Gympie. John James & James Sinclair joined him with another team.

Shetland Wives. Early in 1883, James left his team with his brother & cousin and worked his passage back to Shetland. Once there he married Williamina Tait on 1 March 1883. They returned. John James repeated the exercise back to Shetland & married on 6 December 1883, Catherine Tait, a niece of Williamina & returned in 1884.

Tiario. The brothers lived in a house at Tiario for a number of years.

Netherby. In the late 1890's they parted company, with John James purchasing the property "Netherby" from a Dr. Tom Penny who had purchased the property of 2520 acres in Feb. 1873 from the crown for the sum of 630 pounds (\$1260). A grandson of John James remains in possession of Netherby to this day.

Eidsvold. James & family with his cousin James Sinclair then moved

to Eidsvold carting supplies to the goldfield there and to Mt. Perry. James eventually purchased grazing land along the Burnett River & was active in Eidsvold Shire council affairs.

Above: Netherby Homestead c1936. Jamiesons purchased the property in late 1890s. It is still owned by the family today, although the homestead has been dismantled.

POLICE TALK

With the commencement of school holidays Qld police will be increasing traffic enforcement over the coming weeks in response to Operation Springbreak. No doubt people will notice an increase in motorists and should take care on the roads. On top of this there are ongoing roadworks in the area contributing to traffic congestion.

Have patience, give yourself extra time to get to your destination, and slow down. Tiario Police would like you to have a happy and safe school holiday period. *S/Constable Michael COLEMAN*

Tiario Coal

Tiario Coal Limited (TCM) advises that its Share Purchase Plan has closed.

Meditation Changes Lives

There are significant benefits in attending guided meditation classes as this creates an environment in which one can grow. Jillian has been teaching meditation for several years now in Bauple and is able to "model" how to meditate easily: Feel the inner experience, the energy and the passion that these sessions will bring you which includes the benefits of peace, wisdom, balance, joy, and harmony with oneself and others.

Come join like minded people from all walks of life every Monday fortnight at Purple Bldg, Bauple Dr. opp Museum. There are two sessions 10.30 am or 7 pm. Cost \$10 For all enquiries call Jillian on 0418 785 305 or 41939290 *JW*

Malaysia, Tiaro, Landcare and Turtles

What does Tiaro have in common with Melaka and Kuala Terengganu in Malaysia, Banda Aceh in Indonesia and Sydney?

Delegates from each place were invited to Malaysia to give a presentation on their turtle protection or research project at the recent Regional Asian Conference of the Society for Conservation Biology. Imagine my surprise when I met Jonker from Aceh who commented that he had read lots about our project and was so happy to meet us. Tiaro Landcare were allocated a complimentary trade table where we sold lots of chocolate turtles and merchandise.

While visiting Kuala Terengganu on the east coast of Peninsula Malaysia, we were invited to give a dinner presentation at the Cellar Restoran on Tiaro Landcare's project. Fortunately most people can speak English which makes communication relatively easy. Access to the restaurant is via Turtle Alley which is an innovative artistic creation of mosaics by the public and members of Turtle Conservation Society of Malaysia. It is remarkable that there is such international knowledge and interest in our small community project. November is being celebrated around Australia as Turtle Month. Keep watching local noticeboards for details of activities being planned for Tiaro. Everyone is welcome to drop in to Landcare House (below Bopple surgery in Tiaro) when it is open on Thursdays. Lots of free landcare information & displays.

Marilyn Connell

Secretary, Tiaro Landcare

Above: Ellie Cash, 10yrs, of Gundiah took 5th place ribbon for Diamond Teddy. 240 riders took part at the Fraser Coast Inter School Equestrian Competition 28/29 August.

Reduced Tourist Traffic Negatively Impacts Bauple Museum

To whom it may concern

As Museum President, I received a letter from the BPA requesting some feedback regarding the RV site in the center of Bauple.

Let me begin by saying that I, personally, think the site is in the wrong place.

However, my job is running the Museum and during my term I will do everything within my power to increase visitors, and donations to keep the doors open. Unfortunately, the council of the day failed to consider the ramifications of reduced RV traffic that are now affecting the Museum.

The museum supports increased tourist activity, and therefore increased support and interest in the museum. We support a quaint and tidy town, as exemplified by our grounds and gardens, our historical walk, etc. We also support positive, community-building activities, events, and business as these also contribute to increased traffic in our town.

Regarding the current site:

Firstly, noise. Whilst the current site could be increased in size to accommodate a larger number of RVs, such a move would also increase the overnight noise in the central local area - ie. more generators, more social noise.

Solutions such as fences or gardens are welcomed by the museum, if they are thoughtfully established, and well maintained, and do not detract from the residential location. We do not want the town to look like a campground.

Secondly, size. An ideal site would accommodate 20-30 RVs, have showers

and toilet facilities and ideally a dump point, be a little away from the residents, be local enough to encourage a stroll around town, a stop at the museum and historical sites, a visit to markets and the like.

Solution: Perhaps some of the vacant sites around town should be considered.

Thirdly, expense. Of course, the council is limited by budget. It is unfortunate they have already spent so much on something so ineffective. The next decision is to continue to throw money away on a site that cannot accommodate RVs in an effective and productive way, or to reinvest in a site with a future.

The museum supports a sustainable future for the town and community groups. This, in turn, makes sense for council as it increases land value, rates and economic activity. The council must consider investing in the future for the council's own sustainability.

Fourthly, community spirit. One final thing that I would like to remind Council of is that the Recreation Ground and the Museum were built by volunteers. The volunteers should be very proud of such, but unfortunately this community spirit has been ruined by a small group. Based on incorrect information, the Council failed in its action to consider economics, other groups and/or the voting result.

Solution: Don't support the anti-community spirit. The museum requests the council make future decisions based on common sense, practical budgeting and with community consensus.

Thank you for this opportunity to comment.

Regards, Trevor Keightley. President Bauple Historical Museum

Safer future for Glenwood State School

Children in the Glenwood district will have safer journeys to and from class each day with the installation of flashing school zone signs at Glenwood State School. Member for the Maryborough electorate Anne Maddern said that many schools across Queensland were already benefiting from safer school zones. The signs reminded drivers to slow down in and around school areas while young Queenslanders made their way to and from school. "The safety of children walking to and from school is paramount and the continued roll out of flashing school zone signs across the state is proof of our commitment to child safety."

Anne Maddern MP

TIARO CHAMBER NEWS

Annual Report Snippets 2014.

What have we achieved? One of our most important achievements would be recognition for our community on the Fraser Coast...More tangible and public achievements can be listed as strong advocacy to help our region gain and staff a modern and permanent medical centre. Thank you Dr Suzy- may your books always be full.

Will any level of government help us to expand the services available, for example, encourage visiting specialists by providing additional rooms, and a nationally, scarce as hens' teeth, dental clinic? Why can't Tiaro be the medical hub for regional fraser coast? We need support and vision from our elected representatives!

After aeons of agitation, the new pedestrian crossing lights are used so often that they need a grease and oil change on a weekly basis. While some Fraser Coast commentators may find it ridiculous to have pedestrian lights holding up highway traffic in Tiaro, our residents and guests in town can cross the highway in perfect safety 24/7. *To be continued....*

New membership always welcome, call Linda Harris 41 939256.
Darryl Stewart

Get a Library Card

With computer classes, history talks, family history research, author events, children's programs, movies and much more, the libraries are a fantastic resource for the community.

"I really believe that one of the best ways to open yourself up to new worlds is to get a library card," Cr Seymour said. Contacting your local library: Tiaro on 4129 2453, Maryborough on 4190 5788.

NEWS IN BRIEF

Maryborough Citizens & Ratepayers Assoc Meeting

Representatives from 10 regional Associations are invited to attend a joint meeting, in Maryborough on the 21st October. This will be a follow up meeting for those associations that attended the first meeting hosted by the Bauple Progress Association a few months ago. The purpose of the meeting would be to discuss City and regional issues with a view to formulating strategies to further progress the aims and objectives of both the individual Associations, and the people of the region generally. *MGrounds*

Sprucing the Bruce

LOCAL drivers are being asked to show patience as the Queensland Government rolls out a record number of road works aimed at making travel safer on the Bruce Highway. Anne Maddern MP for the Maryborough electorate said motorists on the Bruce Highway, particularly between Gympie and Gin Gin would notice the Spruce the Bruce campaign in the coming weeks.

"We have already seen intersection upgrades at Torbanlea and Howard and Walker Street in Maryborough, an overtaking lane north of Chapmans Road, Bauple, an upgrade of the intersection at Brooks Road, Bauple, new overtaking lanes and extensive centre line separation for safety purposes. This campaign will highlight the almost 200 projects currently underway or due to start in the coming months across the 1700km, including road works in the Maryborough electorate. RACQ predict that between 300 and 400 deaths will be averted over the next 10 years. www.qld.gov.au/sprucethebruce. *Anne Maddern MP*

Cheaper health benefits for seniors

The Australian Government has delivered on a key election commitment to give thousands more self-funded retirees access to cheaper medicine and health benefits, by extending the eligibility for the Commonwealth Seniors Health Card (CSHC) to more than 27,000 people over the next four years, in addition to the current 290,000 cardholders, including 2,188 recipients living in Wide Bay," Mr Truss said. *WTruss*

Payment Increase for Age Pensioners in Wide Bay

Federal Member for Wide Bay and Deputy Prime Minister Warren Truss, said that single age pensioners will receive an increase of up to \$11.50 per fortnight, and age pensioner couples will receive up to \$17.40 extra per fortnight, when the Age Pension payment rates rise from 20 September. "Total pension payments for people on the maximum rate of the Age Pension will rise to \$854.30 a fortnight for singles, and \$1,288.00 a fortnight for couples," Mr Truss said. "There are 20,985 people who receive the Age Pension in Wide Bay." "There will also be increases to income support payments such as Newstart and Parenting Payment on 20 September. "Single recipients of Parenting Payment will receive an extra \$7.20 per fortnight, increasing the payment to \$732.30 per fortnight. Newstart Allowance, Parenting Payment Partnered, Widow Allowance, Partner Allowance and Sickness Allowance will increase by \$5.20 a fortnight for singles and \$4.70 each for couples." Full details can be found at <http://www.dss.gov.au/about-the-department/benefits-payments/indexation-rates-september-2014>.
