# GUNDIAH COMMUNITY CHRONICLE

Edition Number 64

Well, good readers, we are back home after 7 weeks holiday in the UK and the place looked magic as our farm sitters Jane & Paul kept the place 100%. The ducks and geese were so trained, they just called them and they followed... maybe Pauline should stop using the slingshot to get them in.

**Tiaro Field Day.** We are looking forward with excitement to the July 18-free entry too! Everything you may need to know to keep your farm or garden up to date. And don't forget to come and see us at the Gazette stand. Sign on to get the Gazette by email each month or get a deal to advertise with us—you may be surprised!

**Markets.** It's a good idea to keep an eye on the markets, especially those that have Food/Veggie stands! You would be surprised at the saving you can get plus I find it a good meeting place for friends. See you there.

**England.** I thought I was still in the country side last week as I drove past the Gootchie CWA and saw the St George flag flying outside! I discovered some of the oldies, *oops Seniors*, were telling stories to the younger ones about life in the Midlands of England- Good on you girls.

Note: If you want to help the CWA they are looking for a Treasurer

**True Story.** Pauline and I turned off the M25 motorway in UK to get fuel (*thought I was buying the car for the cost*) and a meat pie. When we returned to the car—it was not there...we had come out another door and it was gone!! I told Pauline it was her fault, she was the navigator so you can imagine what she said. We found the car after walking around about a 1000 cars parked. I drove towards the M25 and she screamed, "You are going the wrong way!!" I said, "Who cares tell them we are French and don't know better!" However, a very large truck was bearing down on us, so I had to use my rally driving skills from younger days and spun the car 180° to take off the right way out. What did she say? "I suppose that was my fault as well?" My reply...It goes without saying, we did not talk the rest of that day.

## Letters to the Editor

### Bopple Surgery Appeal

Good morning, After reading the June edition of the Gundiah Gazette's article on the Bopple Surgery Appeal, I would like to show my support for Dr. Juhasz. I have been to see Dr Juhasz as a patient and I found her just lovely and I was more than happy with her ability as a doctor.

To the people of Tiaro and district, if you need to see a doctor, try Dr. Juhasz. I am sure you will be as happy as I am with the service.

Please support the service so we can keep both doctors in our district.

*Happy patient.*

### BAUPLE SURGERY APPEAL

The article printed in the June issue of the Gazette shocked both my husband and me.

We moved into the region six months ago and we were given to understand that this area was serviced by a great Medical Centre, two professional doctors with a great support team. Our first visit surpassed even our expectations and at our first consultation with Dr Reka Jushasz, we experienced a very professional and a warm and understanding approach to a mature aged couple.

During this consultation she identified a problem we had been unaware of by a visual observation and arranged the necessary follow up examinations.

Over the years we have both experienced the services of many GP's and we recognize the thoroughness of a doctor whom we are very fortunate to have in Tiaro. We have not seen Dr Baudoef but without doubt she would know the value of Dr Reka to the practice.

The patients of the Tiaro Medical Centre

are extremely fortunate to have this facility and these two doctors and I would urge patients to make an appointment for a consultation with Dr Reka. Get behind this competent doctor and allow the residents of this area to continue to have this great facility and receive the best treatment available.

*Patricia and Alan Holt 0413344452*

### Bopple Surgery Appeal

After reading your article in last month's Gundiah Gazette I feel compelled to reply. I have been under the care of Dr Juhahz since she arrived in Tiaro a few months ago. I am extremely pleased with the result of her treatment of my problems resulting from Bowel Cancer some years ago. I will always have some of these problems but at least I can now lead a reasonably normal life thanks to her care.

After talking to my neighbours and other people in Tiaro I find that they are all very impressed with Dr Juhahz.

We all understand that unless we support her as a community we will have no medical services in Tiaro.

So be Australian and give her a fair go, if we lose this facility we will have to travel to Maryborough, if you can find a doctor to take you on and we could lose the Tiaro Pharmacy as well.

*Yours sincerely, Hans Devries Tiaro*

## Down Memory Lane TSS MAHENO

We are stepping outside of our area this month to show our thanks to the Hervey Bay Museum, the district historians and business people who have saved a part of our history laid wreck on the beach at Fraser Island 80 years ago. The ship was the TSS MAHENO.

Early July 2015 marks that 80th year since the beaching on Fraser Island of the TSS Maheno. Being towed by the Oonah, both ships were destined to be scrapped in Kobe, Japan. Some 100 kms off the coast, the Maheno broke free in a storm and beached on Fraser Island. Built in Scotland in 1905, she was the first triple screwed ship built with steam turbine engines...revolutionary for the era. She held the speed record for the Tasman crossing, Australia to New Zealand.

During World War I, she was converted to a Hospital Ship and was at Anzac Cove at least six times, carrying many dead and dying soldiers, and served throughout the Mediterranean and Europe. The Maheno is the largest relic of Gallipoli in Australia.

She reverted to a passenger liner after the war and travelled the world until newer technology saw her taken out of service in 1934.

The Hervey Bay Museum has created an enlarged Maheno exhibit which will be officially opened on 12th July 2015.

Amongst the many items on display will be the original chairs, beds, washstands, ships menus, letters and telegrams signed by the Japanese Captain of the Maheno, Captain Tanaka, original oil paintings, as well as numerous smaller relics.

A casting of the Maheno's original ship's bell will be rung on the day. This permanent display will tell the amazing story of the Maheno and its close association with the history of Hervey Bay and the Fraser Coast. If you are interested in marine history I would recommend a trip to Fraser before mother nature breaks her up completely. We also recommend a visit to the Hervey Bay Museum to see the permanent exhibition.

Our thanks to HB museum who invited us along with 300 other guests with 3 course meal and speakers such as Nathan Smith (Artist and Historian,) 3 generations of OLDs engineering that made the bells and the financial backing of a gentleman you may know Warren Patel and on behalf of the Bauple Museum we thank you and salute.

## Gutchy Creek Bridge at Gundiah is a Priority

Everyone is aware the structure we know as the school bridge has basically been condemned and is slated for replacement. Council has to make a decision on timing and funding of this expensive exercise. Now is the time to step up and help our council to seek support from state and federal government to help fund a safer bridge to serve the needs of the next 50 years. Otherwise we ratepayers will foot the bill.

**You can help by writing to Fraser Coast Regional Council**, urging them to treat this issue as a priority and detailing the impacts of the present restrictions.

Impacts such as the increased cost of transport for all produce going to or coming from the south due to the extra 30 odd kms travel each way. eg; livestock and bulk feedstuff both in and out. Timber or machinery. Delivery of Goods. Think of the extra cost of shifting a machine from Munna Ck to Emerys Bridge. Even the empty trucks have to go round.

Better still if you can put an ongoing figure on cost to your business. The need for pedestrian safety due to proximity to school and sports ground. The importance as a regional road as an alternative to the highway in the case of a major incident between Tiaro and Bauple. At the moment heavy transport would come to a standstill. This situation

is costing you and me money so please write that letter now. The longer it takes to replace the bridge the costlier it will be.

*Owen Thompson*

## Extra funding for local roads for Councils

Local roads and streets in Wide Bay will receive a major boost, with \$1.105 billion extra being made available to councils across Australia for vital local road upgrades over the next two years, through the Roads to Recovery Programme.

Federal Member for Wide Bay and Minister for Infrastructure Warren Truss, said the extra money will flow as a result of the passage through Federal Parliament of the fuel excise indexation legislation.

"The Australian Government's extra funding of \$41,690,395 to local councils in Wide Bay over the next two years means they can now invest in more of the road upgrades we need.

Fraser Coast Regional Council received Additional June 15 allocation \$5,240,445

## Felix – No Feline

Meet Felix, the dummy which will help train Fraser Coast SES volunteers in water rescue. "The region is fortunate in that there are six SES flood boats and 16 qualified Coxswains ready to respond in an emergency," Resilience Portfolio Councillor Rolf Light said. "The addition of the dummy, bought with funds from the Disaster Management Levy which is collected with the annual rates, will allow the SES volunteers to broaden their training to recover an injured person from the water. "Currently, due to safety restrictions, we are unable to undertake realistic training in retrieving a person from the water and into a flood boat. "The dummy replicates an 80kg, 1.8m tall man, and cost about \$1,300."

## Wrong Email Address

A Scottish couple decided to go to Spain to stay at the same hotel where they spent their honeymoon 20 years earlier. Because hectic schedules made it difficult to coordinate their travel arrangements, the husband flew to Barcelona and checked into the hotel, with his wife flying down the following day. On finding a computer included in his room he decided to send an email to his wife... however, he accidentally left out one letter in her email address, and without realizing his error, sent the email. Meanwhile, somewhere in Blackpool, a widow had just returned home from her husband's funeral. He was a minister who died following a heart attack. Checking her email from relatives and friends, she screamed and fainted. The widow's son rushed into the room, found his mother on the floor, and saw the computer screen which read:

To: My Loving Wife  
Subject: I've Arrived  
Date: JANUARY 16, 2011

*I know you're surprised to hear from me. They have computers here now and you are allowed to send emails to your loved ones. I've just arrived and have been checked in. I see that everything has been prepared for your arrival tomorrow. Looking forward to seeing you then! Hope your journey is as uneventful as mine was. P.S. It's bloody hot down here!*

Above: Gundiah Memorial Hall's second achievement award for 2015 was awarded to Dusty Brescansin for Attendance, Academic Improvement and Reliability. Dusty is pictured with Mr Russ Pastourel, at Gundiah State School for 2nd term.

## Gundiah School Bushrangers

Report cards, an end of term play and pot luck dinner were a fabulous finale for parents, students and teachers at Gundiah State School. Mr & Mrs Pastourel are loved and will be missed. It was a wonderful effort by all and a rollicking performance by the gang of bushrangers led by Ned Kelly and his hearty chorus of villians and law enforcement. It was hard to work out which kid actually stole the show.

## Christmas in July.

Appropriately on the 25th, with more than enough food and activity to keep you warm, the Gundiah Memorial Hall Association will hold it's first Christmas/Winter Dinner Dance. LexK and the boys will be there, Christmas cakes and puddings are being raffled. These dances are the hot ticket with very reasonable prices, great food and fabulous entertainment. It is great to see all the smiles on everyone's faces. Come along and support our Hall, learn a few extra dance steps and enjoy some very good company.

## Gootchie Girls Gossip

The Gootchie Girls have been at it again:- We held our **International Day** on Thursday, so along with 22 guests, we had a wonderful day and learnt a bit more about The Midlands in the UK. Everyone was welcomed by the English Flag flying high from the flagpole and the fun started.

Firstly Pauline gave a talk on her life growing up in England from going to School there to picking masses of Blue-bells... her first job as a cutter at Corahs, in the Hosiery and Knitwear which Leicester is famous for. Then Grace gave her her account of her school days and of her first job working in Boots—the Chemist. (*Did you know she was a pharmacist?*) Boots was the first Chemist to open in Nottingham, the first of many Boots all over the country. Terry finished by telling us the History of "Burlghey, The House of Cecil" which was very interesting and a important house in those days.

As usual, the lovely girls came down from Howard for the day joining others from Tiaro, Bauple, Rossendale, Gundiah, Kanigan and Miva. We showed of lots of our fine English China and English Fayre and for lunch served all sorts of typical English food. There was Meat Pie and mushy peas, Cucumber sandwiches, a Ploughmans lunch platter to Bakewell Tarts, Mince Pies, Fruit Cake and of course lots and lots of English Breakfast cups of tea!!

Grace, our International Officer had 3 competitions on the talks we had just listened to, just to keep our brains working. All in all it was yet again another successful 'do' down at the Gootchie Girls Place.

*Life is like a coin, You can spend it any way you you wish, But you can only spend it once.*

*Pauline Keightley and the Gootchie Girls.*

**July Annual meetings** are coming and the Gootchie members extend a welcome to any ladies interested in joining our Branch. Our meetings are
