

GUNDIAH GAZETTE

COMMUNITY NEWS ACROSS THE TIARO DISTRICT SEPTEMBER 2015

Cheap Fuel is a great draw for Tiaro

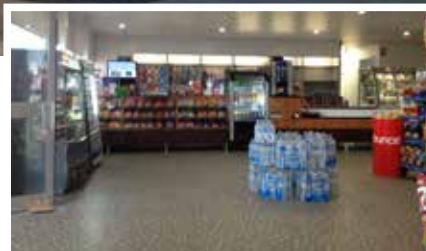

Above: Tiaro Fuel Station opened late August and has drawn long lines of vehicles with its lower prices and 24hr service. Right: The refurbished interior offers a large range of fast food items.

Competitive fuel prices will be a great advantage for Tiaro and our local economy. State Manager Arno Bertogna said the 100% Australian-owned station has been completely refurbished. Two new hi-flow Diesel bowzers are installed and the site is one of the first to introduce 'AdBlue' - a diesel additive to assist compatible vehicles with better fuel efficiency. He invited locals to come in and check it out and to say hi to Samson (owner) & KP. 4193 9757. *Gazette*

Bauple Independent Public Survey gives everyone a chance to have their say.

Between September 7-11th, a survey form will be delivered by post to houses and businesses in Bauple, Forest View and Talegalla Weir. The objective is to enable the whole community to have a voice. The Survey is completely anonymous, but randomly numbered to prevent duplication. The survey seeks the opinion of over 400 households - not just those with the loudest voice.

What is important? The Survey is very short, addresses current issues and offers residents the chance to add their

own opinion and rank their comments.

Tourism, Roads, Growth... If the township is to grow and safeguard its future, it is inevitable that the RV site will need to increase far more in size, if not with the present council then with a later incoming Council...

Should we be asking the Government to give the same financial incentives to encourage people to come and live in this area as they do in Hervey Bay? Should we be asking for an upgrade to the Bauple to Coast road?

The survey is the first part, the easy part; what do we collectively need, and want. The second part will be the hard part; how do we achieve it?

The survey is financed and distributed by Michael Grounds who is considering standing for Council in Division 2 and knows how productive small communities can be if everyone's voice is heard. The survey can be returned by prepaid post by September 30. Results will be published in local papers. Contact Mike 0437 185 951 or paddleline@hotmail.com. *Mike Grounds*

A first for Tiaro and Father's Day at the Royal Hotel event from 9am to 2pm. Funds going to SCOTS group. See p 6.

Boot Camp.

Not new, but news for the Gazette - Jody Franklin runs a fitness class for all levels from 12yrs up on Wednesdays 5.30pm-6.30pm at Tiaro Hall. See page 11.

Did you know?

We are branded as the 'Fraser Coast Hinterland' by local and state tourism agencies. It is interesting to note it's actual definition.

Hinterland ['hinter,land] (also hinterlands) Noun

1 the often uncharted areas beyond a coastal district or a river's banks: early settlers were driven from the coastal areas into the hinterland.

- an area surrounding a town or port and served by it: the city had grown prosperous by exploiting its local western hinterland.

2 an area lying beyond what is visible or known: in the hinterland of his mind these things rose, dark and ominous.

ORIGIN late 19th cent.: from German, from hinter 'behind' + Land 'land.'

Australia Post now accepts Westpac Banking.

Just another way we make life easier!

POST OFFICE Hours Mon-Fri 9am-5pm. Closed 12.30-1pm daily.

TIARO FOODWORKS Now open Mon-Sat 6am-6.30pm, Sunday 7am-6.30pm **Ph: 4129 2138**

GUNDIAH COMMUNITY CHRONICLE

Edition Number 66

G'Day readers! (Did you like that?) I'm sounding more like an Aussie every month. I met up with a group of mates the other day and 5 of the 6 were poms. It was a bit like Captain Cook had arrived again.

Yes, now the weather! NSW got a drenching-my sister at Nowra had 38mm in 40 min - and it rained for three days with 425mm total recorded! We have been lucky when you consider near 80% of Queensland is in drought mode.

THE DROUGHT I have just read a real life story of an outback station caught up in the current drought in the Outback City Express by Cassy Delahunty. Cassy wrote about the family property and the hard work by her father gone into developing a stud and the sadness of her parents' decision to unload 600 breeders from the property-'she felt tears running down her face like a river'. She looked at her dad and he to had a single tear running down his cheek as the trucks start to move off. They watched as they got smaller the heart wrenching sounds of cows and remaining calves calling each other. I write this because we, with many other hinterland farmers, had to unload our breeders in the last drought. We sent 12 fertile Santas and calves to the markets - a small token of drought management compared to the Cassy's - but the emotions were just the same as we loaded. I am sure that others relate.

MANSONG Well you have read about the Big Bands playing at the Band Hall? This Friday you have the chance to listen to the talented men singers from Hervey Bay and a lady with the most beautiful voice. The show starts at 7pm and the doors are open at 6pm with a free welcome drink and chips. The cost is \$15 and if you would like supper at interval, it's \$5. Money goes to the Band Hall and the Museum so come along and support your volunteers.

TRUE STORY Paddy went to the doctors with two burned ears. "What happened?" said the Doc. "Well," said Paddy, "I was doing the ironing and the phone rang." "But what about the other ear?" queried the Doc.

"Well I had to ring you for an appointment didn't I?" replied Paddy.

Trevor Keightley 41292504

Shirley May Flanagan -Timperon (nee Forrest)

Our condolences go to our dear friend Ginni Wright with the recent loss of her Mum. The funeral was held in Maryborough on Monday 24th August. The eulogy contained stories of a life growing up in South Australia, venturing across the country, droving, working and making strong, long lasting friendships. Shirley leaves 4 children, 10 grandchildren and 4 great grandchildren. She will be deeply missed.

LETTERS TO EDITOR.

How to NOT represent a community.

We had a Council Chat recently in Bauple. I asked in a question on notice, how the Mayor compared the value to the community between RV's and the road to the coast over Missings Bridge. My written query included words alluding to the possibility that Council might negotiate a deal with Forestry for the benefit of the community at large.

Our illustrious mayor responded that it was of no interest to him that since Missings bridge was impassable, Bauple and Poona were now separated by a large tract of land instead of a road through the bush. That road was a state Forestry road and nothing to do with him or FCRC. So it seems the overall benefits to communities at both ends of the Forestry road are of no real interest to the Hervey Bay Push so long as they are seen spending money on projects they see as best for us all. ... Or should that be ... best for their mates???

It's interesting to note, by the way, that numerous people in Bauple believe that the Tiaro council, at one time, used to assist with grading that road. I tried to locate some person in Forestry who might know the score from their perspective but after a half hour spent talking to call centre people on 13 numbers trying to fight their way through their hostile directory systems I gave up. Isn't it about time the Council concentrated on real infrastructure and let tourism and private industry get on with the job of doing the small stuff that makes things work. ?

Peter Patrick. Bauple

Tiaro's Sons

THIS MONTH'S SALUTE IS TO
George William GREEN

Regimental No 6970. Roll # 23/26/4
9th Battalion, 23rd Reinforcement

George was born in Mount Bauple (Rossendale) 5 August 1892, attended the Raby State School and was living with his parents George & Florence (Phillips) Green when he enlisted on the 4th May 1916.

At the time of embarkation he stated he was a single farmer in Bauple, aged 23. His unit embarked from Brisbane on board HMAT A55 Kyarra 17 Nov 1916. George was killed in action on 10th August 1918 in France at the age of 26. His place of burial is: Heath Cemetary (Plot 1V, Row 1, Grave No 17) Harbonnieres France. His War Service was on the Western Front and he gained the British War Medal and Victory Medal.

LEST WE FORGET

Next Month's Digger is Thomas Oswald Gray.
Contact Trevor Keightley 4129 2504 .

Down Memory Lane Battle of the Bands

They say 'History repeats itself', well, it would appear that Bauple has scored another double on the love triangle. I found this by accident in a newspaper cutting around the 1980's:

"The Bauple Band Hall, the venue of many concerts in the heyday of Brass bands, is taking on a new lease of life. The original hall was built in 1925 by the Bauple Band. The band broke up in 1934. After that time the committee continued to manage the hall..."

"The hall was built as a venue for concerts and before this hall came into being, the bands played in the Bauple Recreation Ground pavilion. The Bauple Band was formed by Rob Mike about 1917."

Top Composers & Arrangers.

"A former conductor of the Band, Mr Alex Connors of Maryborough, said one of Australia's greatest band composers and arrangers was Charlie Trussell... Another great was Bill Ryder who conducted the Rossendale Band—a breakaway group formed in 1922. The Rossendale band was formed after a disagreement between Trussell and Mike which resulted in (Rob) Mike forming his own band. Mr Connors said it was extraordinary that 2 of Australia's greatest bandsmen were living in the small town of Bauple and yet competed against one another."

"In 1925 Rossendale Band won the state championship by the biggest margin in band history...The band produced 3 Australian champions, Alex Connors, Bill Nicolai and Morrie Connors."

"In 1930 the Rossendale Band amalgamated with the Bauple Band and the

Pictured above is the Rossendale Band of 1922. Top Row L to R: Tom Sewell, Ted Sleaford, Charlie Helmstedt, Reg Sewell, Fred Helmstedt, John Green. Middle Row: Herman Nicolai, Alex Connors, Stan Wood, Con Nicolai, Ron Wood, Edgar Messgener, Harry Watts, Les Wade. Front Row: Gill Nicolai, Jim Connors, Herb Green, Charlie Wood, Bob Maike, Georg Green, Bob Brazier, Bob Eastwelll and Joe Maike.

group retained the Bauple Band name. ...Mr Connors conducted the band from 1922-1934."

Division & Reformation

Historically, Bauple has had its rifts before, but the good news is that they reunited. There is hope for healing divisions.

The underlying problem we have (lack of infrastructure for RVs) needs to be addressed – NOT talking about it is not going to make it go away.

Essentially, Council took away opportunity for our museum and other community groups including the Bauple Band Hall and the Bauple Rec Grounds. This was done contrary to and in spite of public opinion. Council formed the BPA to consolidate public opinion, but they wouldn't listen to them either. Now they undermine the BPA and want silence on the topic in an effort to reshuffle public opinion. Guess what? It is still the same as the original petitions.

I would like us to all consider burying the hatchet. Bauple had a magical his-

tory of volunteers that built the town—from the Recreation Ground and facilities, [Read our story on the history of the Recreation Ground, Sept. 2011], to the Band Hall and Museum. Today, volunteers continue to maintain the Grounds, Hall and the Museum.

I, as a newcomer to the area of 25+ years, miss the old days of Bauple when we could get the weekend papers, the lawn mower fuel and an ice cream, burger or chips. I keep saying to myself, 'Why did the council take those rights away from me without listening to input from the Museum or local businesses?'

Some residents say words about the shop and fuel stop, but I, like many residents, do not care who owns or operates such, all we want is the goods. Oh, by the way, could somebody tell me why the Rec Ground was closed down in the first place? It seems a lot of our rates have been used to close it, but why???? I feel sorry for the pioneer volunteers that built Bauple, I am sure they never expected this. *Trevor Keightley 41292504*

That Country Feel

1.2ha of vacant land being Lot 265 at 35 Varley Road, Glenwood.

The property is only a short distance to the local supermarket and approximately 5km from the Glenwood State School.

Well situated between Gympie and Maryborough and also well located from the beach resorts of Hervey Bay and Rainbow Beach.

Priced at \$79,000. L/N6579.

TOM GRADY REAL ESTATE 155 Mary St, GYMPIE - Phone 5482 6622

Sewer Debate Deepens

Maryborough MP Bruce Saunders' pre-election commitment to sewer the outlying areas of his electorate now appears very selective.

"Third World sewerage conditions affecting community health at Howard and Torbanlea should be improved before the Council spends \$52 million on a sports precinct", he recently thundered.

Well, the communities of Tiaro, the Great Sandy Strait coastal villages including Maroom, Boonaroo and Tuan, and other "outlying areas of his electorate" would certainly agree with him.

President of the Tiaro and District Chamber of Commerce, Darryl Stewart also agrees and cautions Mr. Saunders about playing local politics with his constituents. "The towns of Tiaro and the Great Sandy Coast and other villages in the electorate of Maryborough do not even have any sewerage. This is almost inconceivable in a first world country

well into the twenty first century".

"Fraser Coast Regional Council have told us that sewerage for Tiaro and the coastal towns is not on the planning or budget horizon at least up to 2031 and that it would be expensive," said Mr. Stewart. "I guarantee that it will be far more expensive after 2031," he said. "In the meantime, our regional residents are forced to exist with "third world" facilities while their taxes are used to supply millions in aid monies to many "third world" countries all over the planet for construction of, and improvement in, sewerage facilities."

"When are all levels of government going to realise that providing the means for rural and regional communities to grow is a no-brainer with easily measurable economic, environmental and social sustainability outcomes being the inevitable result", said Mr. Stewart. "Our vital regional areas will not, and can not, grow without Council and higher levels of government support.

One could be excused for thinking that sewerage disposal systems for our regional towns and villages is far more worthy of Council support than most of the recently announced 5 year Council priority projects, including a white elephant, unsupported sports precinct at the wrong end of a cul-de-sac."

"We are happy to meet Mr. Saunders and any other representatives of governments to plan for the provision of sustainable sewerage systems and treatment plants throughout the Fraser Coast regional areas to move towards a sustainable future within our internationally recognised Great Sandy Biosphere", he said. "In fact, we challenge all levels of government to immediately form a public action group, including community representatives, with the task of delivering sustainable sewerage systems to regional Fraser Coast by 2025. Our future will depend on it."

Right: Theebine School students are discovering Science is full of surprises as they investigate living things in 'Permaculture Planet'.

Our Kitchen Rules at Theebine

Every Friday students aim to use a vegetable and herbs from their permaculture garden to create a lunchtime feast. So far our culinary skills have created: Pumpkin soup and home-made bread, Sushi, Spring Rolls, Pin-wheels, Scones, Anzac biscuits, Vegetable soup, Home-made pasta, Beef curry, rice and pappadums, Dim Sims and salad.

Each week we aim to have a visitor join us for lunch.

Theebine SS

School comp honours Vietnam Vets

31 August 2015 Warren Truss encouraged secondary schools to participate in the Honouring Australian Vietnam Veterans schools' competition.

"60,000+ Australian servicemen and women were deployed to Vietnam between 1962 and 1975, and over 500 were killed. While many returned home with physical and emotional scars, all came home with a personal story to tell. "The competition encourages students to research the individual veterans to gain a better understanding of their service. Students can submit responses in a variety of ways, including multimedia, artworks, musical compositions or essays."

The competition is open until Friday, 8 April 2016. Winning students will be invited to attend a three-day Canberra Commemorative Programme in August 2016, including attendance at the national commemoration marking the 50th anniversary of the Battle of Long Tan. Find out more on the Department of Veteran's Affairs website at: www.anzacportal.dva.gov.au/competitions.

Fraser Coast Have Your Say

Jannean Dean argues for local and state governments to utilise federal Green Army programs to aid the local 90% of Indigenous Youth unemployment statistics in the Fraser Coast. The 100% federally funded initiative assists young Australians aged 17-24 years interested in protecting their local environment with an allowance as they gain hands-on, practical skills, training and experience in environmental and conservation fields.

"This is not only morally and socially compelling, it is fundamental we consider the high youth unemployment in our area and get this program running." Jannean E Dean 0437 912 212

POLICE TALK

Noise complaints: Contrary to popular belief noise complaints can be reported at any time to police. In Qld there is specific legislation regarding noise produced by musical instruments, electrically amplified noise, gathering of persons, and motorbikes on private property and there are no time limits placed on these activities. When police receive a noise complaint they will attend, and taking into the circumstances, make an evaluation regarding what is reasonable. Police have the power to enter a property where noise is being emitted from, require a person's name, and issue a noise abatement direction if the noise is deemed unreasonable. An individual that is issued a direction may be charged if that direction is breached and police can seize the item making the noise such as a stereo or motorbike. This month you may have seen the advertising of **Road Safety Week**. This is to promote road safety throughout Queensland. Along with education and awareness measures police have been tasked with additional patrols of our main highways in order to get the message across about the Fatal Five: Speed, Fatigue, Seatbelts, Drink Driving, and Inattention. Please be mindful on the roads and stay safe. *Michael COLEMAN*

3 WILLETTS RD BAUPLE

Wanted: Keen, Social Tennis Players—All Ages

It is wonderful that Friday afternoon Junior Hot Shots/Tennis coaching continues to be well attended with children from all around the district taking up the offer of local coaching. Coach Matt Watkins will be offering another term of coaching after the school holidays to finish off the year. Look for details in school newsletters or contact Matt Watkins on 0417 070 129 for information. We would love some of those young up and coming players to progress to the next step and come and hire the courts sometime – any weekend or maybe in the holidays. Think about getting a group together for a fun afternoon. The atmosphere at the courts is great, being in a bush setting. We are told that 25% of kids are overweight and don't get enough exercise. Physical participation in a sport or activity is definitely better than using a screen and needs to be encouraged whenever possible. We'd love to hear from you. There are racquets available in all sizes so the whole family can participate.

Cold nights have affected Friday night tennis participation on a few occasions but the warmer weather is just around the corner so we are hoping for the numbers to increase again. For those new to the area you are most welcome to come and join us on a Friday night

at 7 pm to see if tennis at Rossendale is for you. We play social mixed tennis and are usually finished around 8:30 pm. If you are a club member it will cost you \$5 or \$7 if a non-member. You pay that much for a drink in the pub so it's pretty cheap for 90 minutes of fun exercise and entertainment.

New court hire fees as of April 2015 are: for non-members \$12 per hour per court for night hire and \$8 for day hire. Members to pay \$10 per hour per court for night hire and \$5 for day hire.

The courts are located at 38 Bauple-Woolooga Road – just off the Bruce Highway and opposite the southern Bauple entrance/exit. To hire courts or for enquiries contact Secretary M.A. Walters on 41292589 or Mob: 04 3837 4091 or email: mwalters198@gmail.com. Court Hire phone B & C Maxwell on 41 292391 or J & L Kelman on 41 293212 *Mary-Anne Walters – Secretary*

Meals under \$10

Salvos offer free cooking and planning workshop at Hervey Bay.

"We know the cost of food for families is huge, therefore we have come up with some delicious and nutritious meals that can feed a family for under \$10, including dessert!"

This workshop is a wonderful opportunity for people who are on low income or income support, perhaps have never had the opportunity to learn to cook or simply want to learn some new recipes. This is a free workshop, however bookings are essential and is limited to 15 people. Bookings can be made by Phone, Email or Facebook. 07 4125 1848 herveybaycorps@aue.salvationarmy.org or find us on Facebook: Hervey Bay Salvos. If you have any queries, please do not hesitate in calling. *Salvos HB*

Resilience and leadership in a disaster were covered at a one-day workshop for members of the Fraser Coast Community Co-ordination Committees. RIGHT Larry Lilly of Gundiah Memorial Hall Assoc. received a certificate from Malcolm Churchill, FCRC Disaster Planning Coordinator at FCRC.

GPS Distress

Local resident, Col Bowman reiterates the need for updated emergency information for both locals and service organisations.

"In recent years we have had problems when the Ambulance Transport Service uses satellite navigation devices to locate patients in our area – and the consequent delay in the arrival of medical aid," he said.

The emergency services call the hour immediately after the medical incident as the 'Golden Hour' being vital to the outcome for the patient.

A particular problem is Ambulances sent from Gympie are told to turn into Molteno Road to get to Bauple Forest when in fact it is a dead end road, the vehicle has to turn back with loss of valuable time. There has been other reports in other areas where inaccurate data has delayed the arrival of medical aid and approaches to authorities has not yet overcome this problem.

Ambulance officers suggest to ensure you have your property address plainly numbered and when you call for an ambulance tell them the most direct and quickest route to your property.

This problem not only affects emergency vehicles but also family members, tourists and visitors to our region.

Mr Bowman stressed the need for locals to be aware of first aid procedures, helicopter landing sites and have personal disaster and evacuation plans. *C.Bowman*

First Aid workshop at Glenwood School.

Local schools enjoyed a First Aid workshop at Glenwood State School. All students left the workshop able to put a patient in the recovery position, stem bleeding, immobilise a suspected fracture and ring for assistance.

Thanks to Mrs Roberts for being our host and the Glenwood SS P&C for the lovely sausage sizzle. *Theebine SS*

Below: Recovery Position demonstrated!

Sign on Day for Prep
