Being Prepared, Weather or Not!

The Bureau of Meterology gave a presentation of forecasts for the storm season at Maryborough on 17 November. Here are some of the points made.

- The El Niño is projected to continue until at least autumn 2016. This El Niño is in comparison with similar events of 1982-1983 and 1997-1998. This projects that there are warmer days and nights ahead. Low chances of being a lower wet season than normal.

- Because it is El Niño, it does not mean that the prospects of cyclones are not a factor. It is predicted that at least four (4) cyclones will form with at least one (1) to make landfall on the Queensland coast. Obviously where that landfall impact will be is unknown.

- Offshore cyclones (that remain offshore) can still cause issue with the coastal belt such as strong winds or possibly storm surges.

- Severe thunderstorms are a very real prospect and there has been plenty of recent evidence of that. There are also unpredictable and often generate with very little notice. Damaging winds can be a syndrome in an El Niño

- Because of the usual heatwave conditions in El Niño the bushfire rating remains high and is continuing. This is more likely and this also means that the prospect of drought remain more likely.

- Flood/s are still a possibility and everyone realises that floods are a possibility every year.

- Everyone is encouraged to be prepared and to be alert to weather forecasts.

Irrespective of an El Niño period, we are in the 'storm/cyclone season' which is

generally acknowledged to commence on 1 November each year until the end of April the following year. Some short issues of being prepared are:-

- Check your gutters
- Check roof for any loose sections
- Trim trees around your house
- Check your insurance policy
- Secure outdoor furniture
- Be prepared to evacuate (ie. have an evacuation kit)
- "If it's flooded forget it"
- Be alert to all aspects of the media (includes social media). Follow the Council Disaster Management Facebook page, for example.

The Department of Communities, Child Safety and Disability Services is promoting its Self Recovery app to provide access to vital information about disasters and emergencies in Queensland. To download the Self Recovery App, visit the Apple or Android stores.

GUNDIAH COMMUNITY CHRONICLE

Edition Number 69

As our readers are aware I write about snippets that occur during the month, or events that will or could happen, but I hope in my lifetime that I never have to write about this kind of thing in our Gazette again:

Paris. On 14th November 2015, the world came to a grinding halt with the death of 130 innocent people and untold injuries within the city of Paris. It was perpetrated by terrorists. Those that have been brought up since the World Wars have been fortunate to not have to face this kind of evil. I saw people blown up in bombing raids in London and we had to get to the underground. I was sent to the country with the other kids.

Like the Nazis, these terrorists do not have the same values we have. They do not believe in tolerance, or multiculturalism, and they certainly don't believe 'she'll be right mate!' They are determined to impose their version of society on the world. There is no cure for them.

Remember, they have struck in NEW YORK, LONDON, SYDNEY AND NOW PARIS. They have since threatened Australia and the USA.

Like WWII, we have to keep our eyes and ears open in the towns and cities and pass on information to the police. May we all pray that the Good Lord keeps an eye on us.

Carols in the Country. Further on in the Gazette, see all the info about an evening to remember in Gundiah. This is a signature event for our community. Come along and sing your heart out. I will be at the gate to say hi!

Christmas Wishes. Well, the boss lady has consented to allocating a holiday break for all the Gazette workers. (We do it every year.) Our next edition will be February. So from us scribes and workers, we wish you a Happy Christmas and a Great New Year! Keep those stories coming in and send us your holiday snaps.

Baiting Programme

The next baiting program will be held during the month of April 2016. Keep a look out for this important task and keep our cattle & sheep country clean. Call Col Zemek 0427 125 338. TK

TREES OF DANGER!!!

Lots of us tree dwellers are becoming wise to the fact that the 2 inch bough falling from a tree in your garden or your neighbour's has the potential to cause serious damage or at worse, death. So our suggestion is to keep your eyes up and approach your nearest tree lopper or the council if outside your house boundary.

3 Day Sickness

I promised more information this month, but it is been hard to determine if cattle that died during September/October were solely due to 3-day sickness. We have been advised of 12 animals, but please contact us if you have not been included in that count. TKeightley

Tiaro's Sons

THIS MONTH'S SALUTE IS TO George Kajewski

Private #4637. 47th Australian Infantry Battalion. Australian Army

George was born 10 December, 1895 at Ma Ma Creek, Gatton Queensland and attended Ma Ma Creek School. His parents were Carl and Elizabeth Kajewski (nee Naumann). He had 3 siblings when his mother died in childbirth at Ma Ma Creek. George was only 2 1/2 years old. His father remarried in 1899. He and Marie Wacker had 6 more children. They moved to Gundiah area prior to 1908.

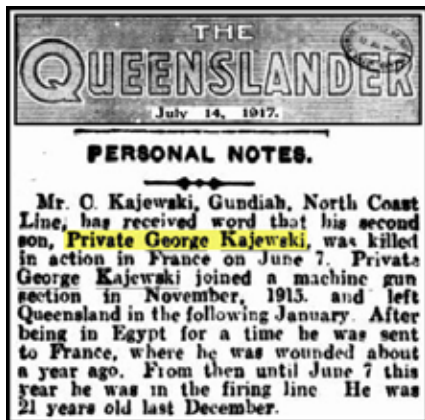

A member of the Church of England, George was single, a labourer and his address was Pialba when he embarked at the age of 20.

George enlisted 15 November 1915, naming Mrs Carl Kajewski of Gundiah, as next of kin. His unit embarked from Brisbane Queensland, Roll no 23/32/2, on board HMAA A62 Wandilla on the 31st Jan 1916.

George was killed in action at (Hooge Crater) Messines, Belgium at age 21 on 7 June 1917 and buried at Strand Military Cemetery, (Plot V, Row B, Grave No 9) Ploegsteert Belgium, Panel No 143.

Down Memory Lane A Sign!

What a find at the newly heritage-listed Glengarloom Crossing!

One of the very first Queensland town Road Signs has been found.

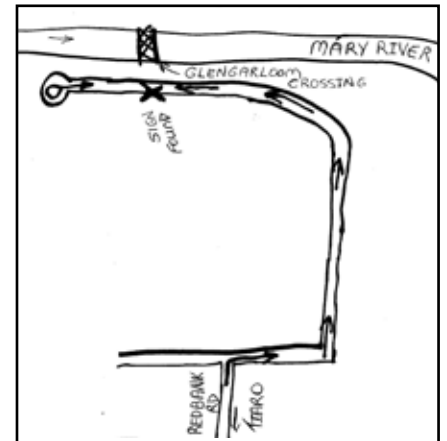

During a morning walk along the edge of the Mary River we spotted a corner of an object sticking out of the old roadway. We grabbed a stick and dug it out. It was a piece of an old sign (wow) so we dug some more and found more pieces. We placed the sign together as it was all there and the sign reads - TO GUNDIAH with a gloved hand pointing in the direction of Gundiah! The sign was found at the T-intersection of where the old Crossing Glengarloom was built across the Mary River on the eastern side. I wonder if it pointed south along the river flat to Browns Ridge Road via the school to Gundiah or did someone use it as a hot plate to cook a fish on and left it there.

What we do know is that the Glengarloom Crossing is on a map kept by the State dated 1875, and shows as Rocky Crossing. On the western side of the river. Another map shows the roadways and one is called a very old track/road which we know today as the National Trial. With further investigations this was one of the first main entrances from the west over the Mary River to Tiaro, and would have been crossed or used at low tide, depending on the fresh. A bridge was built around 1892 but was washed away in the 1893 floods along with the old Tiaro first siting/settlement, so everyone had to resort back to using the old Glengarloom Crossing again until another bridge was built

and opened in 1932. This is the bridge we use today travelling to Teebar, Mun-gar etc. on the western side of the Mary River.

Enough of history now. The Glengarloom Crossing is now heritage listed, and the public road to access remains open after an attempt by others to close. And, about the sign, we had Olds Engineering in Maryborough recast it. Anyone wishing to purchase one can contact Olds Engineering.

Sally & Shane Whitley / Trevor K 41292504
Above: We have included pictures of the original and newly cast sign and (below) a map of where the sign was found at the beautiful Glengarloom

Crossing on The Mary River.

Remembrance Day 11 Nov

From Warren Truss' speech: "This year we mark 100 years since the original Anzacs landed on the Gallipoli peninsula in the Turkish Dardanelles. One of our own, Maryborough man Duncan Chapman, was the first on the beach that day, which before sunset, would claim 754 Australian and 147 New Zealand lives..."

[WHAT-IF PLAN?]

Be Prepared this Storm Season

Queensland is Australia's greatest state in which to live, but at times nature unleashes its fury on the Sunshine State and the ramifications for business, community and our economy can be devastating.

From our research following the 2011 Floods, Cyclone Yasi and Cyclone Oswald we know the impacts for businesses can be severe.

To help businesses prepare for this year's storm season CCIQ has partnered with Queensland Government, the Department of Infrastructure, Local Government and Planning and Get Ready Queensland to put together resources and information to help you to make sure your business can mitigate your risks and prepare for storm season. Don't wait until it's too late - get ready now <https://www.cciq.com.au/storm-season>.

Theebine State School Adventures

We recently had an Author and Illustrator in residence for 2 days. Peter Carnavas worked with students (above) on narrative and illustration. Students have proudly made their own stories and illustrated these stories as part of their English assessment. It was great to have such an expert in the flesh and he was very funny as well.

(Above) Theebine State School had another VIP recently visit with Dr Jim Watterston, Director General of Education and Training, QLD, calling in on his way back from a Principal's meeting in Maryborough.

Students invited Dr Watterston and received interesting correspondence to the effect that he would love to visit. Students each showed and explained a project that we have or are currently undertaking. Dr Watterston left with fresh produce from the Permaculture garden.

Rocket Day was on Friday 27 November. (Top Right) We invited other schools to join us for a fantastic day of science and friendship. Our wonderful P&C organised lunch for all Rocket builders and parents who would also like to share in another Smalls Schools fun filled day.

Volcano and Earthquake Explorers.

Students are currently studying Primary Con-

nections – Earthquake Explorers Unit. You may hear a thundering noise on Friday around 2pm as students make their volcanoes explode with a mixture of bi-carb soda, warm water, dishwashing detergent, red food colouring and vinegar. Lots of science knowledge in regards to chemical reactions has occurred with both the volcanoes and the rockets. Students, even our Pre-prep, Hope, (below) have also enjoyed the art side of the unit.

Scouting Around...

Bauple's Scouts have been busy. 2 Patrols each held a Patrol Activity camp on the same week-end. Our storage shed has been cleaned out. The resulting Patrol Activity badges were earned by - Paige Adventurer level. Dakotah, Kynan, Alex M, Bet & Eyerus Explorer level & Rebecca, & Ryan Pioneer level P.A. badge. Rebecca has also completed her Pioneer Citizen-ship badge and Community proficiency badge, and Ryan has completed his Pioneer Emergencies badge.

Cubs & Joeys.....FUN in the Sand, Sea & Sun. We Camped at SS Dorrig,

Inskip Peninsula where we had a large area all to ourselves. (We are now registered with QPWS as a group which is entitled to special privileges such as discounted fees and private, large camping spots in many Parks of Queensland). It is Kelly's and my aim to make abundant use of them. 2016 Here we come, the OUT is back in Scouting!

At Inskip we made kites, flew them on the beach, we created magnificent sand sculptures, we splashed around in the water, we had cozy campfires with singalongs and interactive campfire stories. A fantastic time was had by all, including 4 Parent Helpers. Even the rain brought with it an activity - filling up water containers.

Talk about Badges, here we go: Elijah earned 8, Kynan 8, Joseph 8, Luke 7, Danny 8, Maya 7, Natalie 7, and Amelie received 6 Badges. They were all Achievement Badges in areas of Animals & Birds, Cooking, Entertaining, Engineering, Codes & Signals, Athletics, Collecting, Gardening and Cycling. Well done Cubs!

Both Joeys have earned their 'Diamond' Badges; Care & Share, Environment, Buddy and Adventure. Olivia and Quinn are both working on their Link Badge, the final step before they can be part of the Cub Pack early next year.

We plan to say goodbye to 2015 with a multi section campout on December 5/6 with heaps of FUN activities because that's what Scouting is all about.

New members are always welcome.

(Scouting returns when the school year starts in 2016.)

10 Reasons Why You Should Be Going to Church

by argentapres from May 18, 2012

[With religion being a dirty word lately] ...I'd like to share my top 10 reasons why you should be coming to church. Others will have different reasons and some may disagree with the ones I have listed, but here they are.

10. Coming to church doesn't mean you have no doubts about God or faith or religion. It means you have a place you can share with people who have their own doubts.

9. Bad stuff is going to happen in your life. It just is. A church community cannot be everything to everyone in times of crisis, but when the bottom falls out of your world, it's great to have a community to lift you back up.

8. Bad stuff is going to happen in your life, part two. The time to build a relationship with God is not when life turns ugly, and you've run out of all other options. Attending worship regularly helps build a relationship with God and others that will give you a solid foundation when the winds blow and the storms come.

7. Not all churches are anti-something. Most of us are for people, for acceptance, for hospitality. Really, we're out there. We just don't get the good press.

6. Any church worth its salt has really good food on a regular basis.

5. Churches offer paint-by-number opportunities to serve. Many people would like to help the poor, the hungry and the homeless, but they

don't know how to get involved or what they can do to really make a difference. Churches offer you ways to plug in to help those who need it most.

4. You've got a gift. Probably two or 10 of them. Becoming involved in the ministry of a church will help you discover and use gifts you never even knew you had.

3. Not all churches are after your money. Good churches want you have a healthy relationship with money. Sure, churches need to pay the electric bill and the pastor and the youth director, but money and the church is more about you than it is about the church. It's about your own relationship with money. World events have proven that it's much better to put faith in God than in a bank account. Church can help you with that.

2. Taking a break from our hectic lives to come to church is accepting the gift of Sabbath. Wayne Mueller says "(Sabbath) dissolves the artificial urgency of our days, because it liberates us from the need to be finished." We don't take Sabbath and come to worship because we have time and have finished up everything that needs to be done. We take Sabbath because it is time to stop, and we are designed to stop, rest and reflect. Those don't are destined to crash and burn.

1. Jesus is really cool. Even if you don't know if you can believe in the whole Son-of-God thing, even if you refer to the resurrection as the Zombie Jesus event and even though those of us already in church often do a lousy job of following him, come to church to get to know Jesus. The more you get to know him, the more you'll understand why people call his way The Way.

-Rev. Anne Russ

Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around.

Colouring Calm

'Colouring Calm' is a new world wide craze coming to the Fraser Coast Libraries - colouring for adults.

'Colouring Calm' sessions for adults where you just get to sit quietly, chat, laugh, nibble a biscuit, have a drink, listen to some relaxing music whilst colouring in some intricate patterns.

It has been shown that colouring helps to reduce stress, improve relaxation and wellbeing - a perfect pre-Xmas activity. No bookings are required. Maryborough Library - Monday 7 December 10am; Tiara Library - Wednesday 9 Dec. 10am. 4197 4220 library@frasercoast.qld.gov.au

WANTED: KEEN, SOCIAL TENNIS PLAYERS

Friday Night Tennis. If you're new to the area or looking for a social activity that will also help you gain or maintain some fitness, come and join us on a Friday night at 7 pm to see if tennis at Rossendale is for you. We play social mixed tennis and finish around 8:30 pm to 9:00 pm. We usually play 16 games each in that time. If you are a club member it will only cost you \$5 or \$7 if a non-member for 90 minutes of fun exercise and entertainment. We have players of all ages from all walks of life and welcome anyone who wants to give it a try.

Ever considered getting a group together at Rossendale for a fun afternoon? You could even have a Christmas party! We'd love to hear from you and have the courts used more often. There are racquets available in all sizes so the whole family can participate. Court hire fees are: for non-members \$12 per hour per court for night hire and \$8 for day hire. Members to pay \$10 per hour per court for night hire and \$5 for day hire.

80th Year. The end of 2015 is fast approaching and also the end of our 80th year of operation as a tennis club. The club is financially in a good position – a positive start for the next year. This year we added a new type of membership – the Rossendale Support Member. We have 49 members all up comprising 24 support members, 9 Junior members and 16 Adult members. The club would like to thank all members for their support and extend an invitation to renew their membership in 2016.

Membership Fees. It is still only \$10 for Junior members, \$30 for Adults and support membership is free. Junior and Adult members are then entitled to discounted court hire and may use the ball machine. Please contact secretary to join or renew membership.

Hot Shot Coaching. Our club is still hosting the Friday afternoon Hot Shots/Tennis coaching run by Gympie coach Matt Watkins who has confirmed he will continue with the coaching in 2016. This is a wonderful opportunity for country kids to get an urban experi-

ence. Well done to all parents for your commitment to transporting your children to the courts when it would be much easier to sit back and do nothing. Contact Matt Watkins on 0417 070 129 to get your child involved in a sport they can play for a lifetime.

Summer Tennis. It's nearly time for the next "Summer of Tennis" so hope you get to enjoy some entertaining games in the Australian Open and all the tournaments leading up to it. Roger Federer will be appearing at the Brisbane International so make the effort to attend if you get the chance as it could be his last appearance there – who knows?

Come and Play. The courts are located at 38 Bauple-Woolooga Road – just off the Bruce Highway and opposite the southern Bauple entrance/exit. Our 2 synthetic grass courts are central to Glenwood, Bauple, Gundiah and Tiaro areas and are available for hire 7 days per week. To hire courts or for enquiries contact Secretary M-A Walters on 41292589 or Mob: 04 3837 4091 or email: mwalters198@gmail.com. Also court hire phone B & C Maxwell on 41 292391 or J & L Kelman on 41 293212

We wish everyone a Merry Christmas and a safe and happy New Year!

See you at Rossendale!

Mum, I'm bored!

There's lots of things to do for the School Holidays at our libraries, galleries and parks. See below and link above for more ideas!

1 Take a Backyard Adventure

You'll never look at your backyard the same way again after experiencing Backyard Adventure's amazing interactive exhibits.

Jump on-board a virtual flying bee for a bird's eye view, or put on special lenses to see a garden through the eyes of a dog. Find out how it feels to be smaller than a blade of grass as you go on a journey inside a magnified backyard lawn.

Explore the 'frog eat insect' world of the interactive pond. Playing on your backyard swing, slide and see-saw will take on a whole new meaning after delving into the mechanic of how they all work.

Get active on the giant mechanical skipping rope or play a game of cricket or basketball.

There are wonders aplenty hidden in your own backyard: come along to discover the science behind it all these holidays at Backyard Adventures

Margborough City Hall, Kent Street
Open 7 days 10am – 4pm (closed Christmas Day)
New Year 31 January 2016
Adults: \$12 Children (03 – 16 yrs): \$10
Concessions/ Senior: \$10
Family (2 adults & up to 2 children): \$34

Mega Family Deal includes entry into the Discovery Sphere

SEARCH Fraser Coast REGIONAL COUNCIL

2 Hop into horrible history

Well, it is maybe not that horrible but it is amazing. Try out a time machine, explore a cabinet of curiosities and experience a sound and light show as part of brand new exhibits at the Customs House and Bond Store Museum. Find out what it was like to be a child on an immigration ship in the 1800s (spoiler alert: it wasn't easy).

Cost \$2 per child, \$5.50 per adult.
\$12 Family pass includes entry into three museums.
Parrish Museum, Wharf Street Margborough.

3 Jump inside a story book

Imagine finding yourself in the middle of a story inside a magical book filled with delightful creatures, paintings, furniture and letters. The Sense of Wonder exhibition lets you take a real life walk through an intriguing storybook about a girl called Kate. A treat for children and adults alike.

Open up to 31 January 9.30am pm – 3.30pm
Entry by gold coin donation or included in your Portside Pass.
Customs House Residence, Wharf Street Margborough

Australia Day nominations open

Nomination for the Fraser Coast Australia Day Awards are open can be downloaded from the Council website, www.frasercoast.qld.gov.au or collected from Council's Customer Service Centres in Tiaro or Maryborough.

"The awards are a great way for the community to recognise the many volunteers who give up so much of their time across the Fraser Coast and thank them for their efforts," Fraser Coast Mayor Gerard O'Connell said.

"They also recognise the work community groups and sporting groups put into making the Fraser Coast such a vibrant place to work, live and play."

The awards will be presented on Australia Day, January 26, 2016 in a ceremony at the Hervey Bay Community Centre. FCRC

Green Army WANTS YOU

A new Green Army project in Gympie is seeking enthusiastic 17-24 year olds to join what is fast becoming the largest-ever team of young Australians supporting environmental action across the country, Federal Member for Wide Bay Warren Truss said.

The new Gympie Green Army project will reduce the sediment load and debris into the Great Sandy Strait through rehabilitation and re-vegetation of the embankments of Deep Creek.

"Green Army participants undertake accredited training, receive an allowance, work towards Certificate I or II qualifications or nationally endorsed skills set to help them prepare for the workforce and improve their career opportunities", Mr Truss said.

Participation is open to Indigenous Australians, school leavers, gap year students, graduates and job seekers aged between 17 and 24 years. Anyone interested in joining the Green Army can apply through the appointed Service Providers at www.environment.gov.au/green-army. *Warren Truss MP*

Premier turns her back on Qld farmers

Saturday, 28 Nov 2015. Premier Anastacia Palaszczuk turned her back on farmers battling Queensland's worst-ever drought and on her government's own consultation process.

AgForce General President Grant Maudsley said the moves by the Government to return farmers to the Beat- tie-era lock-down of vegetation management would stifle food and fibre production and growing demand for high-quality protein.

"This Government announced in Parliament on September 16 that they would convene a round table, including AgForce and green groups to discuss vegetation. The green groups refused to attend, and the Premier has bowed to their pressure.

"To blame farmers for carbon emissions on management of less than 0.2 per cent of Queensland is insulting and shows the Premier isn't focussed on carbon reduction," Mr Maudsley said.

"This is a knee-jerk action when we need stability and proper data to make a correct decision.

"In September, green groups accused a landholder near Augathella of clearing his land illegally. It was investigated by the government and shown to be a false claim." A recent AgForce report shows that vegetation management is occurring responsibly across Queensland. *AF*

More all-day parks for Maryborough CBD

Council will provide an extra 132 all day parking spaces through the Maryborough CBD following a review of the recently introduced regulated car parking. Council reviewed occupancy rates in car parks and changes following the completion of roadworks for the CBD Revitalisation. "We also listened to feedback from residents, business owners, staff and shoppers," Mayor Gerard O'Connell said. The changes take the number of all-day car parking space in the Maryborough CBD to 482 spaces.
