## Gundiah Bridge starts

Local company SGQ Civil is set to start work to replace the multi-span timber bridge over Gutchy Creek on Netherby Road, Gundiah, with a single span two-lane concrete bridge and foot-path from Monday, May 30. The first stage of the project includes building a side track across the creek. Once it is operational the old timber bridge will be demolished and replaced. The \$2.2 million project has been funded by the Department of Infrastructure and Regional Development Bridges Renewal Programme (\$1,143,667) and Council (\$1,143,667). The new 24.6m bridge will include a 2m wide walk/cycle lane and improvements to the approaches.

"The bridge is a major link between the Fraser Coast and the hinterland," Division Two Councillor Anne Maddern said. "Including a separate pedestrian lane will greatly improve the safety of children heading to school, as well as people using the sports oval."

It is anticipated that the project will take 16 weeks to complete, opening in October, weather permitting. FCRC

## Getting the Gazette

Thanks to the Bauple Progress Association for distributing the Gundiah Gazette to residents of Bauple and Bauple Forest last month, increasing our distribution to 1250+ households. We appreciate the comments & suggestions from residents. If you would like a copy emailed to you each month, go to [gundiahgazette.com.au](http://gundiahgazette.com.au) and see the email signup on the home page. GG

Above, Mayor Chris Loft foolishly hands Trevor Keightley the microphone at Trevor & Pauline's official 'send-off' at Gundiah Community Place on Saturday 28 May. Originally the Brits turned up in Gootchie in 1991 and have been busy trying to qualify as 'local' ever since.

## 25 years hard labour

A good size group of well-wishers gathered to send off Trevor & Pauline Keightley after 25 years in the area. The Gazette has included a brief outline of their exploits within the local community. They're off to Dundowran Beach.

**1991** - Trevor & Pauline first purchased 'Kerseys' from Clements family. They travelled to Gootchie every weekend while Trevor worked for Bucyrus Erie Company in Brisbane and all over the world. Pauline had a small company - "PollyK" dressmakers in Brisbane.

**1997** - Trevor retired and they moved permanently to Gootchie. Pauline continued her dressmaking locally under the PollyK label.

**Tiaro Ratepayers.** They were first involved with Tiaro Ratepayers... and may have even started that group. Trevor was keeping an eye on the council meetings from day one.

**QCWA** Pauline joined the QCWA at Gootchie early in the piece. Since 2011, Pauline has been a monthly visitor to

the girls at Petrie Gardens. "We have a lovely time," said Pauline.

**Tiaro Community Centre.** Trevor made himself busy getting involved with the design and planning of the Community Centre in Tiaro. "That caused a lot of arguments" he said. John Horrocks was mayor. It was officially opened in 2007.

Trevor was then involved with getting the Community Centre running. He was the first president and Pauline was the secretary and treasurer. They organised Garden Competitions, enlarged the Tiaro Arts Festival and instigated the Memory Lane Project. Kenry Stratford, current president of Tiaro Community Centre Inc., said, "They were always involved in everything that was going on, and the Memory Lane Project was very well done."

**Landcare.** The Keightleys participated in Landcare for a short stay. "We put a dam up the mountain... One thing was wrong - there was drought! Marilyn Connell was heavily involved. (cont p5)

# GUNDIAH COMMUNITY CHRONICLE

Edition Number 74

*Well, life at the Keightleys is about to change - not by choice!*

**My Life Story.** I have always loved to work on the land. My parents would have none of that. (Not *that*, Gavin, I am referring to 'work'.) In Britain, at my first job, the Good Lord sent snow as high as the double decker bus I was riding in. I read in the paper, "Come to Bondi Beach and swim everyday!" That started a journey 52 years ago and I am still here! We started out at Port Kembla—10 years in the Oxy Plant—meanwhile we purchased 25 acres and we ran a piggery. And again the weather controlled our life... It was a cold area, so we moved to Dubbo for warmer weather and 1600 acres with wheat and sheep. The weather for 6 years was nearly perfect, then 2 years of drought killed our dreams. Were our parents right?

BHP offered me a job in Milwaukee as a roving worldwide Service engineer. After 2 years I was offered a job back in Australia at the Gregory Mine. Next was a job in Asia with the head office in Brisbane. This gave us the opportunity to once again live on the land—we purchased 'Kerseys' at Gootchie. It was hard work but it was fun and we made lots of friends in the area.

*Next month we move again but for another reason.* This time - 'to relax with our dogs on the beach' at Dundowran.

**Your life story.** Now, you may wonder why I have written the above. At the Museum, many come in to see if we have any information on their family. Sometimes we do, but lots of times we don't. Let's write what we know of our families and bring it to the Museum. It will be on record forever for everyone!

**True Story.** A friend of mine in Glenwood has a ticket for the State of Origin game... unfortunately, it clashes with his wedding. Does anyone know someone who wants to get married?

**Grateful.** I must say I had the most wonderful Saturday that I will always remember—parts of my life in Australia were quoted by the Mayor Chris Loft and they certainly bought back memories. So once again, thank my friends for arranging the day and thank you all for coming, I love you all. BUT I will be around with meetings for the Museum and writing in the Gazette. (You can't get rid of me too easily!)

## A Regular Bloke

Deryck CARDEN of Bauple passed away at Hervey Bay Hospital on May 12, 2016 after a long illness. He was aged 92 years. Dearly loved husband of Ann Carden; much loved father of Sarah, Richard and Andrew; loving Grandfather of Elica, Stephanie, Philip and Christy.

Deryck and Ann have lived 22 years in Bauple. Prior to that they lived in NSW. Deryck was known as the Tumby Toymaker there.

He served in the British Army in 2nd World War in tanks and was present on D-Day as they wiped right through Europe. Deryck recently received a medal from the French Government for his part in liberating France. He and other surviving servicemen were featured in RSL Magazine August 2015. Deryck was an avid collector of music boxes, stamps, money boxes and more. Ann said he was your 'regular bloke'.

*The Carden Family*

## This month's 'Funny'

*Lots of lovely people send us jokes for the Gazette, but we rarely have space. Maybe we are being too serious! It is important to laugh...*

Two women talking in Heaven.

1st woman: Hi, Wanda!

2nd woman: Hi, Sylvia! How'd you die?

1st woman: I froze to death.

2nd woman: How horrible!

1st woman: It wasn't so bad. After I quit shaking from the cold, I began to get warm & sleepy, and finally died a peaceful death. What about you?

2nd woman: I died of a massive heart attack. I suspected that my husband was cheating, so I came home early to catch him in the act. But instead, I found him all by himself in the den watching TV.

1st woman: So, what happened?

2nd woman: I was so sure there was another woman there somewhere that I started running all over the house looking.

I ran up into the attic and searched, and down into the basement. Then I went through every closet and checked under all the beds. I kept this up until I had looked everywhere, and finally I became so exhausted that I just keeled over with a heart attack and died.

1st woman: Too bad you didn't look in the freezer, we'd both still be alive.

## Integrity

*"We always look for three things [in company leadership]: intelligence, energy, and integrity. If you don't have the latter, then you should hope they don't have the first two either. If someone doesn't have integrity, then you want them to be dumb and lazy."*

*Warren Buffett*

## Tiaro's Sons...

**A.C.J. Graffunder.** We received a call from the family of last month's digger and they have kindly offered to supply more information and resolve the mystery of why he is on this district's honour board as well as Mackay's. It turns out, he is on three honour boards... look for next month's Gazette to discover the story!

**T.E. Ashford.** We promised more about this soldier but have not been able to locate him on the Government War Memorial or other military records. Please contact Trevor Keightley 0456916111 if you know the story behind this name.

## Down Memory Lane: Buckingham's

Above: Fred & Gladys Buckingham.

For me, what started as the history of the Buckingham Family, drifted into the Brown Family - on which I will report next month... If you see mistakes please pass them along to our team so we can make the corrections in our files. At the Bauple Museum, we find that visitors take a page out of the history books to copy, which is all fine as long as they put the pages BACK where they got them; hence my adventure!! We may have to reintroduce the cane, as most of us over 60 will remember it well. - Trevor Keightley 0456 916 111

### Frederick William Buckingham

was born in Guernsey in the Channel Islands on the 3rd December 1881. He and his 2 brothers, Edward (21) and William (19), sailed from London on the RMS ORMUZ on the 12th July 1907 and arrived in Brisbane on the 29th August 1907. Fredrick secured a job as fireman at the Bauple Mill and later became a driver and took the cane train from Bauple to Gundiah where he picked up cane wagons for the mill. He was know as 'Fred Buck'.

On the 18th May 1912 Frederick married Gladys Scott and proceeded to have a large family. They brought up 13 children in a 3 bedroom house on Mill Street, 2 houses west of where the bakery, store and post office used to be. (The house was later owned by Hutchings.) The children tell how, when ordering groceries, they would buy VitaBrits in large cartons, tea in bulk and sugar by the bag.

The children's names are Charlotte, Frederick (Jnr), Edward, Ronald, Clifford, Jean, Frank, Dudley, Kevin, Maureen, Nancy, William and Merle. Whenever

anyone commented on the size of the family Gladys would reply that she married a "Guernsey Bull". Some of the Buckingham boys worked at the Mill and a couple of the girls worked in the Mill's Laboratory.

Fred was on the Bauple State School Committee and was an active member of the Bauple community.

William (Fred's bother) enlisted in the Army when WW1 broke out and was killed in France July 29, 1916. Edward married but the family lost contact.

Fred's sons, Pat, Frank, Cliff and Dudley all enlisted in WWII.

Fred retired from the Bauple Sugar Mill in 1939, (aged approx 58) and he and Gladys settled in Maryborough, Fred passed away in 1958 and Gladys in 1961.

**Remaining family.** Unfortunately as at January 2005, there were only 4 members of the family living: Maureen, who lives in Townsville; Nancy, who lives in New Zealand; Bill, who lives in Maryborough; Merle, who lives in Hervey Bay. T Keightley

# The Anne Report

**RV Parks.** The removal of signage for the permit and \$5,000 penalty on the RV parks at Tiaro & Bauple: I put up this motion at the first Council meeting. It was passed unanimously and I am pleased to say that feedback from residents at Tiaro indicates that the number of RV's now staying at the RV park in Tiaro has increased.

**Sports Precinct:** A motion was moved to stop the Sports Precinct and I supported this motion based on the mandate I believe we were given at the election (both in terms of Division 2 but also other divisions and significantly in the case of the mayoral election). This motion was lost but a second motion calling for a halt and for a briefing on the background was passed. Part of that motion allows for "ongoing consultation". My concern is that some areas have received little information or opportunity to express an opinion. So if you wish your opinion to be noted, please send an email to the CEO or myself so it can be incorporated as part of the report.

**Fraser Coast Opportunities:** At the same meeting a decision was taken to split Fraser Coast Opportunities taking the investment attraction part back into Council and leaving tourism, events and some marketing under the current legal structure. A structure of this nature (separate from Council) is required if we are to get funding from the State for tourism. I Investment attraction will become a key focus of Council.

**Gundiah Bridge:** Work to be completed by October.

**Flood mitigation** work Maryborough CBD: While not directly impacting on Division 2, I thought you may be interested to know that this work has commenced. It involves drainage work, work on Adelaide Street and testing. While it will not prevent flooding in all of the inner city area of Maryborough, the majority would have been protected in all except the three largest floods (and certainly the 2013 flood).

**Training & budgets:** Councillors have been heavily involved in briefings and working on the budget. This first budget for a new Council is very important. Until next time - keep well and stay safe.

"25 years hard labour" - Continued from page 1.

### Gundiah Community Place.

"Before my time, they used to play Cricket at the Gundiah Oval. The Theebine Station building had been moved there by Horrocks. We went to the council and asked them if we could use these facilities. A group of locals got together and we opened up the building and painted it purple. Lyn Thompson, Chris Brady, Kathy McFarlane, Jean Davies and Cathy Blowers were all movers and shakers at that time," Trevor reported. The president was always that 'meddling Keightley fellow' until 2014. Pauline was always the secretary and the organiser!! Trevor said, "Every second weekend we had a social or meeting. There were about 10 families involved. We were good with the grants - we bought air conditioning, pool tables, put in the croquet court and went for countless enjoyable bus adventures: Aussie World, Underwater World, Bird Sanctuary & Bundaberg Rum Distillery Tour, Mt Perry & Paradise Dam, Kingaroy & Wineries, Melbourne Cup, Silent Movies and more."

In 2010 Gundiah Community Place hosted the Australia Day cricket match. For this Trevor got an Australia Day Award for Sportsperson of the Year. This has been an ongoing sore point for Pauline as she organised the entire 'bloody' thing!

**Gundiah Gazette.** In 2009, Trevor turned his talents to Journalism... He was an early supporter of the Gundiah Gazette and contributed many a 'true story', local history and news item. Pauline was the QCWA correspondent for the Gazette, Glenwood News and Bauple Bulletin. The Gootchie Girls' Gossip got around!

## Gazette Team at Work

**Bauple Museum.** Trevor put his hand up around 2012, first as Vice President and then later as President. This meant that Pauline was naturally assigned as Secretary and doer-of-all-things Trevor said to do. They were involved in the Heritage Trail and general business. They are big fans of founder Lillian Coyne, whom Trevor tirelessly teases.

**Driver Reviver.** "Yes, that was a roster system on the school holidays, organised by Lions. Phil Grimwade, Grace & Terry Tomsett, Val & Ian Brown and others did it with us."

**In short, the Keightleys have been a motivating and inspiring force in the community. They have valued the history of the area and the people. They have brought us all together.**

*Gazette*

*Editor: Thanking the Keightleys was a combined effort by QCWA, Gundiah Memorial Hall, BPA, Gundiah Gazette and FCRC (on behalf of the Mayor). Thank you to Munna Creek Hall, Gundiah State School for equipment loaned and also members of Bauple Museum, Tiaro Community Centre and Glenwood Progress Assoc for attending and supplying some of the facts and stories told.*

*A crew get together and fold and staple gazettes for delivery to you each month. From left: Donny, Luke, Mihana, Pauline & Paula. Not pictured is Susan. Thank you Crew! Volunteers always welcome - call Susan 0417 197 115*

## Pauline's last word

On Saturday, Sandra said I could have the last word... so here it is: I would like to thank everyone that came to our Send Off and for the amazing food and the effort that all the little helper's put in. It was quite overwhelming.

**It really was true** about the ghosts in the bush and the skeleton with flashing red eyes. We almost turned back at that point. And the first person I met was Joanne when I paid our 'Fire Levy'. I feel really humbled that you all came and that a wonder full time was had by all.

**We have loved** our 25 years here in Gootchie. We are only a 50min drive away at the seaside, so lots of beach parties and BBQ's will be on. I'm sure we will be down to the Museum and Gundiah and any special 'do's' that the CWA will be holding. So once again, many, many thanks to everyone involved-it's an afternoon I'm sure we will never forget. *Pauline Keightley*

ROSSENDALE TENNIS CLUB INC.

**Junior Tennis Coaching** at Rossendale Tennis Club on Friday afternoons continues to be popular with young participants from surrounding localities enjoying the activities set by coach Matt Watkins. All players work over the term to gain points and coach Matt makes a presentation at the end of every term. If you are interested in junior coaching, contact Matt on 0417 070 129 to book your child in for Term 3. Get Started vouchers are accepted to join the club and coaching but get in quick when the next round starts on July 13.

**Autumn** is a great time of the year to play tennis and this year has been very mild. We would love to see more locals come and hire the courts – day or night. It is only \$8 an hour for day hire and \$12 an hour for night hire. To join Rossendale Tennis Club is only \$30 for a year, \$10 for Juniors. So cheap! Soccer players pay \$300 for a season. This \$30 gives you full player insurance, free monthly draw to win a \$100 pack from Tennis Qld, priority tickets to tournaments, and in our club you will have discounted court hire, discounted player fee on Friday night club night and access to the club ball machine. Lots of reasons to get out, get active and get started in a game you can play locally. We really need some younger players as they will be the players of the future. No players = No club.

**Courts** are located at 38 Bauple-Woolooga Road – just off the Bruce Highway and opposite the southern Bauple entrance/exit. To hire courts or for enquiries contact Secretary M-A Walters: 41292589 or 04 3837 4091 or email: mwalters198@gmail.com. Court Hire phone B & C Maxwell on 41 292391 or J & L Kelman on 41 293212. See you at Rossendale!

Mary-Anne Walters – Secretary

Our local Hot Shots students with coach Matt Watkins at the Rossendale Courts.

**Recycling Centre.** We visited the Fraser Coast Recycling Van at Gundiah State School in Week 1. The van was great, with lots of hands-on activities to get us reminding ourselves about recycling.

**Ninkenbah Transfer Station.** Our first introduction was backed up by a visit to the Ninkenbah Transfer Station to see the Fraser Coast recycling program. We saw recycling trucks dumping the items and then the workers recycling the items by hand.

Students were able to be smart shoppers by choosing items with the least amount of packaging. To top off an interesting morning we then played at the Wet Side Water Park.

*"The recycling centre smelt gross. People don't put the right things in the recycling bin. If they did put the correct items in the bins, it would not smell bad."*

*My favourite activity was "Smart Shopper". I liked watching the recycling truck remove the items. One truck tipped and the other truck had a floor that moved like a conveyer belt."*

Arafin Koch Yr 4

**Space.** This term we are studying Space. As an impetus to our investigations, we visited the Sir Thomas Brisbane Planetarium at Mt Coo-tha. We had time to see the display before entering the Cosmic Sky dome to learn about the Solar System. In the Skydome we saw the Solar System come alive on the ceiling. An early start saw us arrive at 9.45am for morning tea at Mt Coo-tha. On our way home we stopped at the park at Murrarie to view the Sir Leo Hielscher Bridges or more commonly known as the Gateway Bridges.

**Learning about how to make things...** May has been a month of the Scouts doing construction—they have made and used a swing, a ladder, free standing flagpole and more. All these things gave them much fun to play with or on.

**Awards.** At our Annual Presentation Night we invested Erin as a scout.

Our Cub Scout of Year was Natalie; Most Improved Scout - Bet; Scout of Year -Rebecca; Patrol of Year - Falcon.

Badges earned in the Scout section: Scoutcraft—Hannah & Erin; Explorer Citizenship—Dakotah & Paige; Pioneer Citizenship, Campcraft & Pioneer Badge—Ryan.

**Rann's Report.** Last weekend the Cubs joined the Scouts and Venturers and camped at S.S. Dorrigo, Inskip Peninsula. We had a wonderful, adventurous time there, constructing two Newmarket Ballistas (giant catapults) and a Tower. Furthermore, we enjoyed a Treasure Hunt and cooking on a campfire. We also admired a sunrise and shared songs and marshmallows on the beach.

**Achievements** At the AGM we learned that during the last year our Cubs achieved a total of around 65 Achievement Badges. Luke, Joseph and Kynan earned their Silver Boomerang whilst Maya and Natalie are on the way

## MICHAEL WEEKES SAYS

**Our soil** is a shallow, fragile skin on the Earth's crust containing a diversity of micro-organisms, minerals, carbon and organic matter. Without this fragile skin our land is literally barren, without the ability to sustain people, the environment or community. Similarly, water is the lifeblood of our farms, environment and ultimately, our communities. Without this most precious of resources being available to all there is no opportunity for life. Water is life.

The prospect of resources companies poking around promising investment, jobs, and prosperity for all grabs headlines. All over the world these promises have been shown to be lacking, with the benefits flowing far away from the area of extraction.

**Fracking**, is a process where a mix of water and toxic chemicals is pumped in to well holes drilled into the ground, often passing through water aquifers on the way. The water and chemicals force the coals seams to fracture and release methane which is collected. Problems of this process include the leaking of methane, toxic water made up of the toxic chemicals and bi-products released from the fracking process itself.

**Community** opposition, when well organised, can and has stopped damaging resource extraction elsewhere. The question I leave you is: will you educate yourselves on the real story of resource extraction, who it really benefits and the toxic legacy which can permanently drain, damage or destroy our water and soil resources, destroy our valuable farmland and ultimately destroy our communities? Will you stand by or will you stand up? To get involved or find out more start at [www.lockthegate.org.au](http://www.lockthegate.org.au)

## Fraser's first botanist

*Above: Robert Brown was the first botanist to examine the plants of Fraser Island.*

**History Talk.** The next monthly Lunchtime Local History Talk at the Maryborough Library will be given by Deputy Mayor George Seymour and will focus on the first botanist to visit the Fraser Coast: Robert Brown.

He was 29 when appointed as botanist under Captain Matthew Flinders on the voyage of HMS Investigator to chart the coast of Australia. The time spent on Fraser Island in late July 1802 was the first recorded landing and interaction between Europeans and the Butchulla people.

**10th June.** The presentation will be on Friday 10 June at noon at the Maryborough Library. It is a free event, but bookings are essential by contacting the library on 4190 5788.

## POLICE TALK.

**MOTOR VEHICLE SECURITY** Do you lock your car if you are not in it? If not, you should consider locking your car even if you are just running into the shops. More frequently these days' people are not securing their vehicles even in the car port at home. It is a case of locking it or running the risk of losing not only your vehicle but any valuables you may have inside the vehicle. The most common method of vehicle theft is through the use of vehicle keys. Remember "Lock it or lose it".

## MESSAGE FROM THE MAYOR

**A warm hello to you all.** This month has been a busy one with the settling in of the new Council. The "fresh" Councillors have been learning the ropes and getting use to all that comes with their new

roles. In between the many meetings, we have taken time to tour parts of the Fraser Coast in order to get a feel for the diversity of our region, acquaint Councillors with members of the community, provide information on ongoing projects, and identify any potential ones.

We have also been working hard to bring together the budget for the 2016-17 financial year. We are conscious of the tough economic times residents currently face and this is at the forefront of our decision-making processes.

Last week a Chinese delegation visited the Fraser Coast from our Chinese Sister City, Leshan. The delegation, headed by Vice Mayor Liao Lei, met with the new Council and toured education and tourism facilities.

Our relationship with Leshan is continuing to strengthen which is important as there are many potential opportunities for our tourism and education sectors.

## Gootchie Girls Gossip

JUNE 2016. "Live Well, Laugh Often, and Love with all your Heart"

**Competition Day.** Well, once again, we held another successful 'do'. This time it was our K&C Competition Day. (Knitting & Crochet) We had about 45 gals there (and a couple of guys) and enjoyed a delicious lunch, morning and afternoon tea. All the entries were wonderful and I think we all won either 1st or 2nd prizes: Delores Green, Lyn Kelman, Maggie Mortimer, Sabrina Spice, Lynda Thompson, Amber Chapman, Grace Rae and myself, Pauline. CWA'ers came from Urangan, Howard, Bauple, Tiaro, Miva and Theebine and it was a fun filled day with the Tombola being a great attraction.

**Goodbye Grace.** We combined the day with our International Day as sadly Grace, our International Officer, is moving to Redcliffe (to the sea side). So it will be a sad day for us all – she will be sorely missed but we wish her and Terry all the best in their new home as they start the next phase of their life.

**Coming Up.** Next we have our AGM 23rd July at our rooms and a change of officers: -myself as the Treasurer (I think Maggie will take over that job), so we will just need a International officer and I'm sure we have one in the branch.

Then after that we have our Annual Scrabble Day 22nd September so do come along and see how clever you can be with words. I guess Diana will once again be hoping to have her name on the Honour Board. It's worth coming along for the CWA lunch.

And then I guess it will be November and The Melbourne Cup. But more on that one later.

We enjoy our visits to Petrie Garden each month, those girls and guys are a super bunch of folk and we have so much fun with them all.

Above: Lynda Thompson and Sabrina Spice were winners of the crochet section of our K&C competition held in May at Gootchie QCWA. Everyone were winners when it came to lunch!

So that's about all the Gossip I have for you this month. We have had a couple of cold, cold morning that must have brought a frost to some properties and we need to pray for rain again as it must be our turn to get some.

So till the next Gossip column remember... *Life is not measured by the breaths we take, but the moments that take our breath away!*

Pauline and the Gootchie Girls.
