COMMUNITY NEWS ACROSS THE TIARO DISTRICT

NOVEMBER 2016

## A LOT OF BULL

Eight seconds. Not long...except if you're on top of half a tonne of angry bovine! 27th November sees Dean Weller and 25 or so riders put on another show at The Gundy Pub. Competition includes junior, senior and open categories with riders from Toowoomba and all corners of Queensland including our own winner, Travis Franklin from Tiaro. \$5 entry gets you in to see bulls and riders doing what they do best, sausage sizzle, lucky door prizes and live band till late. Don't miss last ride for 2016. *SAnderson.*

## Record Year for Munna Music Festival

The Munna Creek Music Festival was 'a corker' this year with a record 271 RVs, nearly double the day visitor numbers, 43 walk-ups for the open mike and standing-room-only for the Wednesday night dance.

Seventeen guest artists, two backing bands and 3 comperes supported the event which was "the best one yet!" according to organiser and local country music singer and songwriter, Lex Kunst.

"A really big thank you to the kitchen staff who *really* did a *really* marvelous job providing *really* good meals at a *really* good price," said Lex K. It is a big job co-ordinating the whole event.

"All the volunteers did a great job and the funds will be put to good use at the Munna Creek Hall."

The Munna Creek Music Festival is a credit to a small community of go-getters and workers who have made something BIG out of something they love. Congratulations to them!

# GUNDIAH COMMUNITY CHRONICLE

Edition Number 79

Well readers, we made round the world in 7 weeks and, so far, no speeding tickets. We did succeed getting a fine for not paying the toll over the Dartmouth Bridge. It ended up quite expensive, still it will help the British economy... (£5 FEE + £25 bureaucratic handling).

**Parking.** We are so lucky living here. Whenever my brother or friends took us out, there was always a parking fee, whether a car park or a shopping centre, at the cost of £3 for 2 hours.

**The Queen.** I tried to arrange to have cucumber sandwiches and tea with the Queen but she was rather busy. She did ask me to tell Gavin that if he returned to the motherland she would make herself available.

**Family.** In the Midlands, we saw Pauline's relations and met up with her 94 year old Aunt. In Suffolk we met up with my rellies and what seemed like 100's of nieces and nephews. It was interesting to note that when I came to Australia in 1964, we had no other family members in Australia. Today, in a rough calculation, there are 103! (No, not all my posterity).

**Back to Work.** I read September's Gazette when I got home, and, I can say 'what a bloody good little rag' we have here. Thank you to all those who make it happen. I would like to see more of a cross section of the community having their say and sharing their interests over the next year.. 'Fishing Reporter'?? for example. Just give us a call if you are interested or I will call on you!

**Gundiah's New Bridge.** Whilst I have not seen the bridge since my return, I have contacted the Site Engineer, Gavin, and he was pleased with the status and looks forward to riding his bike over the creek to the school.

**Joke of the Month.** A couple are lying in bed, the man says "I'm going to make you the happiest woman in the world." The woman says, "I'll miss you."

## Writing your Story...

This month's task for your journal:

**5. About Your Ancestors:** Who were your grandparents and where did they come from? What were your parents like? Your Aunts and Uncles? What religion were they.

By the way, Lex K's latest album is "Travelling Free" by Kross Kut Records.

## Gundiah Hall Happenings

Gundiah Memorial Hall Association (GMHA) Executive Committee members remained the same after their AGM held October:- Owen Thompson, Peter Larkin, Lynda Thompson and Susan Anderson have done a great job steering the association over the past six months. Owen Thompson indicated that the community "is very worthwhile" and that good things are happening to the Hall. Projects include the upcoming addition of a stage area, front porch, ramp and stairs, and a recent restumping project for the 95 year old hall. GMHA

# Tiaro's Gals

Lillian M. Davis

WRANS WR2851 HMAS "MORETON"

*This month, Trevor departs from tradition and includes local war memories from one of his favourite ladies, Lillian Coyne, 90 of Bauple. Let us never take for granted the freedom and prosperity we enjoy today.*

During the early days of World War II (1939—45), the Government introduced rationing. Coupons were issued for the purchase of clothing, meat, tea, butter, sugar and petrol.

Initially, coupons were not required for the purchase of such items as sheets and mosquito nets. Later in the war, that changed. My mother purchased sheets (no coloured sheets existed in those days) and made me a jacket and skirt from the material.

My sister Doreen wished to enter a Belle of the Ball competition held at the Hall in Tiaro. Not to be beaten, Mom bought some mosquito net, dyed it blue and made a slip out of it, and yes Doreen was judged Belle of the Ball in her blue mosquito dress.

You could not buy stockings during the war, but you could buy a lotion from the chemist to paint your legs. When the lotion was dry a black pencil was drawn down the back of the leg to imitate a seam.

For the duration of the war windows had to be covered with black paper or criss crossed with strips of paper to stop the glass from shattering if a bomb was dropped too close. Dark curtains had to be drawn over all windows at night so that no bright light could be seen by an enemy plane should it fly overhead.

There were very few motor vehicles in the area as petrol was rationed. All vehicles had their lights covered except for a narrow strip of light shining on the road. All road signs were removed and place names such as Tiaro Post Office had to have the Tiaro painted out so that the enemy would not know where they were if they landed in Queensland.

**LEST WE FORGET**

*Lillian served during the war in the WRANS.*

## The Moral of the Story...

Last month we featured **Thomas Gifford Robinson** as our Tiaro Son. We asked if anyone knew why he was on our Honour Rolls. Well, it turns out...

**Ask your Dad.** Thomas was from Weisdale, Shetland Islands of Scotland. This was the first clue. The Jamiesons, Sinclairs, Tait's and Groundwaters from the Tiaro area all have ties to the Shetland Islands.

In the Jamieson family photo from Netherby in 1913, that is on the wall at my Dad's house, is Thomas Gifford Robinson, large as life. On the back of the photo, it is inscribed "Tait's mate" as my grandmother did not remember his name when my father asked her 40 years ago. He was a friend of 'Christy' Tait, also in the photo and also of Weisdale, who is somehow related to my great grandmother, Catherine Tait Jamieson.

**Ask your second Cousin.** As luck would have it, Catherine Tait's grandson, Harry Jamieson, did have all the names on their copy of the photo. He too, read the Gazette and quickly called to put the story straight.

Now here is where the story gets a little more intriguing...

**Ask your Mother.** Not only does my Dad's family have a photo with Thomas Gifford Robinson, BUT we also have a ship's chest at our home that came from my mother's great grandmother, Anne Sinclair. When my father restored it in the 1970s, he found the name 'T.G. Robinson' was painted on the top of the chest. We did not know the connection.

**Thomas Gifford Robinson** was the youngest of 6 sons of Captain John Robinson (formerly 'Robertson') and

**THOMAS GIFFORD ROBINSON,**  
Private, 45th late 13th Battalion Australian Imperial Force, son of Capt. John and Jane Robinson, Lochside, Weisdale. Killed in action at Pozieres, France, on Aug. 6, 1916. Aged 24 years.

*Top: The Jamieson family of Netherby in 1913. Circled is T.G. Robinson, friend of 'Christy' Tait in the light suit, furthest right. By 1916, Thomas Robinson, Christy Tait, Magnus Jamieson, and Andrew William Jamieson were all casualties of the Great World War.*

*Above: TG Robinson appears in the book "Shetland Heros".*

Jane Moodie of Weisdale, Shetland Islands. He was bound for Australia in 1912 at age 20. He followed his friend Christopher Tait to Tiaro area, worked and visited friends and possibly distant family. We assume that he left the chest with the Sinclairs at Tiaro. He also joined in the family photo with the Jamiesons in 1913. (The Robinson family of Shetland Islands also had a copy of this photo.) Robinson worked as a 'trimmer' on the *Suffolk*, sailing from Brisbane to Sydney in Sept 1913.

He enlisted 1915, served in Gallipoli. He was killed in action 6 August 1916 in France.

**The moral of the story is,** ask your parents now because they probably know a lot more than you and tomorrow it might be too late to ask.

# The Anne Report

How quickly the month goes around and it is update time again.

**Adventures.** I took the caravan and headed south to Sydney - the excuse was to see the Archibald Exhibition (very nice). In view of our recent decisions, it was good to look around other places as a "caravan-er". One thing I do have to say - we do NOT have the worst roads in Australia. In fact, we found some really bad ones in Northern/Central New South Wales and I am talking about arterial roads leading from one town to the next.

**RV'S:** As you may be aware, at the meeting on the 28th September Council moved to amend the campaign strategy to increase the number of "stop and shop" RV sites to 18 in the Alan and June Brown carpark, to increase the length of stay to 48 hours and to seek tenders from a not-for-profit community organisation and/or private entities for lease of the site at Maryborough Airport for the purpose of offering low cost camping (aimed at the big rigs) subject to planning approval. On the matter of RV's, planing is underway for the upgrade of the Tiaro RV site.

**RATES REVIEW:** Applications to be one of the nine community members on the rates review committee have now closed. However, and as was would be expected, there were more applicants than positions. Members of the community will be invited to put their personal or community group submissions to the rates review committee.

**SKI BOAT APPLICATION FOR LEASE:** A motion to lease a reserve to the Maryborough-Hervey Bay Water Ski Club Inc has been tabled to allow time for further consultation with affected stakeholders of the River including such people as landholders, environmental groups and other recreational users. Just a note here - it is clearly acknowledged that the use of the River by ski boats is legal provided they keep to the limit of 40 knots and other speed limit restrictions close to ramps, river banks, etc.

**AUDIO RECORDINGS OF COUNCIL MEETINGS:** At the last Council meeting, a motion was passed seeking a report into the feasibility of audio recording of Council meetings. I, and other Councillors, have had a number of requests to change the time of the meetings so that residents can attend more readily. This would only be a solution for a small number of people. Audio recordings, if feasible, would give almost everybody ready access to Council meetings.

**SMALL COMMUNITIES ADVISORY GROUP:** Invitations to the next Small Communities Advisory Group (plus minutes) have been issued for Thursday 17th Nov, 9am at the Brolga Theatre in Maryborough. We hope to provide some outcomes on some of the matters that have been raised by the various community groups. Look forward to seeing you there. Keep well and keep safe.

Anne Maddern

**Halloween Disco.** Above: They don't come cuter or scarier! The Gundiah School P&C put on a great show, as usual. Over 35 children attended, with prizes and games, sausages and drinks. Ally Willis was DJ. Many thanks to all the parents and to the Gundiah Memorial Hall Association for the venue.

## Restructure, Recover, Revitalise:

From 1 November, **Drought Assistance Concessional Loans** of up to \$1 million are available for drought-affected Queensland producers looking to restock, restructure debt, invest in drought preparedness activities and manage operating expenses.

The loans are part of the Australian

Government's Farm Business Concessional Loans Scheme, replacing and building upon the previous Drought Recovery and Drought Concessional Loans. Queensland has received an initial allocation of \$35 million which will help us assist even more primary producers.

Key features of the loan include:

- a concessional interest rate of 2.47%
  - 10 year loan terms
  - interest-only repayments for first 5 years
- Under this scheme, even if you are not currently in a state drought-declared area or on a BoM map, if your rural business has been financially impacted by drought you may still be eligible for this new assistance.

QRAA asks you to resist the urge to self-assess and Freecall 1800 623 946 to chat to the team. [www.qraa.qld.gov.au](http://www.qraa.qld.gov.au)

## Welcoming new Landowners

Welcome to just some of the recent landowners to join the district.

**Tony and Sharon Easton** are the new owners on the Mary River at Emorys Bridge. They are retiring here from Darwin and are still in transition. We hope to see more of them soon.

**Marc & Suzanne Cowan** have purchased 'Evergreen' also on the Mary. The little bird has not told me much more but we look forward to more.

**Tim and Jennifer Ross** are the new managers of Cherex Park, the biggest Red Claw and Crayfish Farm in Australia, that happens to be in our backyard at Theebine. Peter and Ethel

Moore will be staying in the area and hopefully retiring blissfully. Pete says at 77, he deserves it, "It is time Ethel and I had a holiday or two."

**David and Anne Higgins** are ex-mango farmers who have purchased "Kersey's" from the Keightleys. They come from Wolvi area recently and are also in the process of settling in and renovating.

*As they say, 'it takes 20 years to become a local', but hopefully we can make these new neighbours feel welcome faster than that.*

## POLITICS

### FCRC Election Funding Issues

Jannean Dean said electoral campaign funding issues surrounding Ex Mayor Gerard O'Connell and Councillor Stuart Taylor needed to be investigated by the Australian Federal Police as a matter of urgency.

"To break it down:

- Money comes from the Rate Payer to Fraser Coast Regional Council
- Fraser Coast Regional Council funds Fraser Coast Opportunities
- Fraser Coast Opportunities funded either Australian Fishing Classic, Marine Media, or Michael Harris - an event cannot be funded only a registered entity - to the tune of \$135,000
- Australian Fishing Classic funded \$6,000 to election campaigns

"It would appear Rate Payer monies have been paid by the Council, to an organisation headed by a Councillor, to fund election campaigns for Councillors." Jannean Dean 0437912212

## No amount of State intervention is likely to resolve inter-personal issues of this nature.

Above: Statement from Report on FCRC by Jackie Trad, tabled in State Parliament this month.

## Jannean tells Council to Step Up

Glenn Lazarus Team candidate for the Federal Seat of Hinkler and well known Community Advocate, Jannean Dean, echoed a statement made in the Report on the Fraser Coast Regional Council which the Hon Jacklyn Trad tabled in Queensland Parliament today - "No amount of State intervention is likely to resolve inter-personal issues of this nature."

**Action needed.** "If this is so, why is the Queensland State Government not acting now," Ms Dean asked today.

"In my view, there are sufficient grounds to sack the entire Council and Executive Team and with the weight of the statement above this should be expedited. Even with mediation, communications have deteriorated and the continued presence of the current Council is not tenable."

"There is reasonable prospect of the council working well with a new CEO and after a proper internal review. Only the council and in particular the mayor, have the power AND DUTY to deal with the CEO".

"I CALL ON the Mayor Chris Loft to sack the Fraser Coast Regional Council's Chief Executive Officer, Lisa Desmond immediately."

"I also request the release of details of the one substantiated complaint of the 33 lodged. The people of Fraser Coast would also like to know if the remaining 14 complaints mentioned in the report have been fully investigated or are still ongoing?" "Right now, I do not care if we have to pay, it is inevitable - the CEO must GO!"

### Request for Strong Leadership.

"We deserve to have strong leadership, goodwill and more importantly good governance. The Council has been plagued with infighting and because of this they have failed to provide good government. They have been brought to a stand still with dysfunction and are unable to work together in the region's best interests. The people of the Fraser Coast deserve a Council that will represent them with pride, upholding the 5 Principles of the Local Government Act and it is my opinion the current Council will never be able to work together for the betterment of the community. Time is money and they are wasting rate payers money".

"There are several Councillors who have my support and I continue to support Mayor Chris Loft. If our Mayor was supported by a team of Councillors that represented their Divisions and Portfolio, embracing their regional role; we would have a dynamic regional Council. Sadly this is not the case."

Deb Carroll had a successful series of book launches for "Reflections - on loving, living and healing". Above she is pictured at Tiaro Library in October 25th. Her launch also included Maryborough and Hervey Bay Libraries. We have included an excerpt from her book below. You can contact Deb or purchase her book by emailing [livingtrue@bigpond.com](mailto:livingtrue@bigpond.com).

## My Dear

You rarely hear these words nowadays. Two words that can change and mean a lot for or about someone. The older generation say it to their grand children from time to time, which is nice to hear. These days I feel it's used in more of a patronising way, to please or buy love, instead of showing it. True love isn't how it use to be.

The female residents always said thank you dear, or would say, "my dear, is it possible for you to get my comb, glasses, whatever", which I would. Because I heard it said a lot in the nursing home, in my lunch break I wrote this down. Sweet!

Deb Carroll

## My Dear by Deb Carroll

Two words that are bliss to one's ears,  
Two words that may bring a person to tears,  
Two words said in a highly regarded way,  
Two words of love can be said every day.  
Words of endearment, coming from the heart,  
Words of sympathy, if true love departs,  
Words of praise, in receiving an award,  
Words of love said to the person you adore.

## The people you meet...

The editor gets to meet an array of interesting characters in the course of duty. This column is about some of them. Feel free to contribute: [GundiahGazette@gmail.com](mailto:GundiahGazette@gmail.com)

I had the pleasure of meeting lovebirds Brian and Fay Dale of Antigua and their daughter Kerry Carlson from Miva recently at the Glenwood Art Festival. They were affectionate and spoke so kindly about their family and each other, it warmed my heart.

From a number of sources, I found these two have proven to be solid community citizens, been married for 62 years, have 4 children, 10 grandchildren, 12 great grandchildren (or more) and have weathered stints on Tiaro Council and a career with the Railway together.

These tender affections are in contrast to some of today's attitudes. In so many societies around the world, everything seems to be disposable. We throw things out and replace it with an upgrade, something newer or shinier. We do this with cell phones, clothes, cars—and, tragically, even with relationships. Thank Heavens for people who do things every day to nurture relationships. SGK

## OPINION PIECE MICHAEL WEEKES SAYS

## Democracy requires information

We have been inundated with reports of dysfunction, infighting and allegations of corruption relating to the Fraser Coast Regional Council. We have had two advisors appointed to "assist" the council and their terms have ended. We have had investigations into the council and matters referred to the CCC. Yet at this time we have not been provided any information about what has really been going on. We are the voters, its our council, the councillors represent us and the council staff work for us. How is it possible that we have not been told anything? Whatever the State Government does or does not do following the reports the only transparent way of informing the voters why they took those actions is to release all reports into the council. It is with this in mind that I created my petitions for the State Government to release all reports into the FCRC so we, the voters, are fully informed as to what has occurred and who has failed us. Please join me by adding your voice to these petitions on the State Government's E-Petition site and the Causes site by going to my web page ([www.michaelweekes.com.au](http://www.michaelweekes.com.au)) and clicking on the links. Lets discover the truth, stop the rumour mill and tack action to fix our council so we can prosper as a region.

All the best, Michael Weekes. 0498 580 563

Above: William Price 1840-1875, and (right) his great grandson William (Bill) Price with the Price's Creek sign, on the southern entrance to Bauple.

## Finding the right Price

A newly converted Gazette enthusiast recently visited the Bauple Museum and contacted the Gazette in search of more information about his namesake and great grandfather, William Price.

"We were in search of 'Prices Creek'. It was part of my family story that the creek was named after my great grandfather who landed in Maryborough in 1856, married, had a family with an Anna Richards and while crossing the creek, probably driving a timber wagon, he slipped and the wagon ran over his leg. The leg had to be amputated and subsequently he died."

"Lo and behold, we had no sooner left the township when we saw the old style government signs showing where the creek was," said a very pleased great-grandson.

Since the initial contact, Bill has been able to locate William Price's gravesite in Maryborough, a photo on Ancestry.com and a news article from 23 March 1875: "A Man named William Price, whilst assisting to extricate a dray that was bogged near Tiaro on Thursday morning, got his left leg jammed, and received a compound

fracture close to the ankle. He was visited by a non qualified practitioner named Smith, who put him in splints and continued in attendance until Saturday, when finding that the patient was getting worse, he ordered his removal to town.

*He was received at the Maryborough Hospital at two o'clock on Sunday morning. The Resident surgeon called in Dr. Power in consultation, and they found the leg in a very gangrenous state. Later in the day, the gangrene spreading, the limb was amputated at the middle of the thigh. The poor man lay in a very critical state until yesterday evening, when death relieved his sufferings. The case becomes more painful, when we add that poor Price leaves a wife and three children."*

The said William Price was 35 when this happened. His young wife, Anna, placed three children into an orphanage.

**Bill asks our readers** if they have any insight on another family mystery... After landing in Maryborough his great grandfather married under the name 'John Plumb', although his name was William Price and his children were christened Price... Mal Meninga's story

showed his great grandfather was buried as Thomas Tanner. Tanna being his birth island in the South Pacific. This led Bill to look for a reason.

"Was this common in those times? Why would it have been done? Was he hiding from something? Wouldn't checks be made before marriage? Or were regulations so lax as to allow one to take any name at all? Perhaps your readers could help. It would be appreciated." Readers can contact Bill at [wprice7@bigpond.com](mailto:wprice7@bigpond.com).

## Mayor to Come and Play at Bauple Museum

Bauple & District Historical Society has been awarded grant monies from the Gambling Community Benefit Fund for an upgrade of their playground equipment at the Museum.

The equipment has been recently installed and they are proud to announce an official opening on **Wednesday 23rd November, 2016** at 3pm. Mayor Chris Loft will do the honours and the community is invited for afternoon tea in the playground.

"Many thanks must go to Pauline and Pat Walsh and the previous committee for obtaining these funds. The playgrounds are a great addition to the family offering here at the Museum," said current President, Phil Jeffs.

"It is great to see a positive outcome in Bauple," said Secretary Jennifer Regal. "We are also pleased to be able to donate the extra equipment to Gundiah Memorial Hall Association."

Gundiah Oval will receive a swing set and slide for the community's use.

Bauple Museum opened in 2001 through valiant efforts of the local community. It is now open 7 days a week and completely staffed by volunteers. JR

## Lychee Divine wins at the Sydney Royal Fine Food Show

Fraser Coast Mayor Chris Loft has congratulated Lychee Divine for its wins at the 2016 Sydney Royal Fine Food Show, a national competition discovering Australia's best fine food producers.

Lychee Divine won three silver medals for its lychee balsamic vinegars placing its product as a leader within the fine food industry.

"Lychee Divine is a shining example of innovation," Fraser Coast Mayor Chris Loft said.

"They were not content to sit back and just be producers. They have branched out into processing and value-adding their product.

"There is a lot of potential for other Fraser Coast agricultural industries to follow suit, especially as the demand grows for our clean and green products from Asia."

## Mrs McCormick is back!

Theebine State School now has 11 students. Mrs McCormick has returned from Monkland State School as an Acting Principal in a Band 6 School.

As usual, Theebine State School has a huge term ahead. In English we are studying 'Matilda' by Roald Dahl and an exciting culmination is to see the musical performance on Wednesday, 7 December. In Maths we will be studying Fractions and Decimals, Number and Place Value, Data Representation and Interpretation, Patterns and Algebra and Chance. We will tie some of our maths topics in with 'Matilda' calculating Mr Wormwood's profit and identifying fractions and decimals in Bruce Bogtrotter and the Cake. In science we are looking at the 'Properties of Matter' from the tiniest of skin cells to recalling the humongous matter of space. We are also growing crystals and silkworms!

**Camp.** Our Year 4 students attended camp at Garapine Outdoor Adventure Centre along with Woollooga, Gunalda and Gundiah State Schools. They had a ball! Canoeing, raft making, archery and walking up the hill!! It was fantastic to see such wonderful behaviour from all students. Thanks to Mr Sengstock and Ms Brown for the organisation of camp.

**Congratulations** to the P&C who raised \$1000 from the Father's Day raffle.

**Melbourne Cup.** The P&C's Melbourne Cup Fundraiser has been running for 20+ years. It was a remarkable effort from Shantam Burgess, Ashleigh Casey and Helen and Mick Spies. Thanks again to Graeme Jensen and Claudia, and The Theebine Hotel.

## Gootchie Girls Gossip

**OCTOBER 2016.** Well after 7 weeks in the UK with absolutely, fantastic weather and a lovely country to explore in with all the little country lanes and the pretty thatched cottages. But, oh, the traffic in and around the big cities... Boy, you thought Brisbane was bad! I do have to say that the drivers are so considerate, everything is so clearly marked and with the help of our SatNav, it was all so easy. We only saw one ute, but so many convertibles, all with the hoods down with the good weather.

**Melbourne Cup Day** A terrific day was had by all with over 50 girls and guys attending. Between beautiful dresses, wonderful hats and fascinators', Tombola and the Race, most took home some lovely prizes. The race caused lots of excitement from everyone, especially the winner of the Sweep. Thanks to all.

**Carols in the Country.** On the 3rd of December we will be serving Christmas Pudding and yummy Sticky Date and Caramel Sauce at Gundiah.

It's a wonderful evening singing all your favorite Christmas Carols and reminding us of the "Reason for the Season."

**For Rent.** The two Tiaro Units are ready to rent, two lovely new homes on Mayne Street, walking distance to the Shop, Post Office Library, Butchers and Café and of course our two famous Pubs.

**Scrabble.** Last Month we held our Scrabble Day Memorial to Diana who instigated the first Scrabble Challenge way back in 2004 and was our champion. This year's Champion was Grace Rae-Redcliffe, second was Sue Olson from Gympie and 3rd was a newcomer from Maryborough! Terry Tomsett once again was a great MC and kept them all on their toes and made sure no one was cheating. Terry and Grace drove from Redcliffe to enjoy the day and it was great to catch up to them again.

That's all for this issue so take care as you travel around and remember it's a true saying "The moment you doubt whether you can fly, You cease for ever to be able to do it." *Pauline & Gootchie Girls*

Above Right: Heather Davies won the 'Prettiest Hat' and (above left) all the girls showed off their racing best at Gootchie QCWA's Melbourne Cup Day Luncheon.
